

1,000 Participate In County Observance Of U.N. Founding; Hear Talks And View Pageant

More than 1,000 gathered at Gettysburg High School Monday evening to observe the eighth birthday of the United Nations and pay tribute to the Adams Countyans who served under the United Nations colors in the Korean War.

Approximately 30 county Korean War veterans were guests of the U. N. Committee at a dinner in the high school cafeteria. Four service organizations, the Rotary, Lions, Exchange and Soroptimist Clubs, also held their regular dinner-meeting at the same time.

Then the group of more than 200 joined the Kurtz Field crowd on the high school athletic field for a program of pageantry, music and addresses designed to inform the public of the work of the United Nations and honor the local Korean War veterans.

Atty. Swope Speaks
President Eisenhower's description of the United Nations as "man's best organized hope to substitute the conference table for the battlefield," was repeated a number of times by speakers and during the pageant as a keynote to the program.

Attorney Donald M. Swope, speaking at the dinner, said: "In this critical period, when so many weary, impatient, disillusioned, scared and plainly hostile voices are raised in criticism of the United Nations, it is imperative that the rest of us, while painfully and realistically aware of its many shortcomings, pause to remind ourselves and others of its many significant and important accomplishments." He too used President Eisenhower's description of the U. N. as the keynote for his remarks.

Praises Korean Vets
Thanking the four service clubs for joining in the observance Swope added, "We are not surprised, for all of your groups have officially endorsed and supported the principles of the U. N. since its birth in San Francisco in 1945."

"We have a fifth group with us tonight whose contribution to the cause of the United Nations meant violent sundering from all that was normal and deserved in their lives for the long period of time that their help was so desperately needed. The rest of us pause in the midst of our celebration to do honor

TO OPEN CHEST CAMPAIGN WITH DINNER TONIGHT

The Gettysburg Community Chest drive for \$20,500 to support six local organizations will swing into full motion Wednesday following a "kick-off" dinner for the solicitors this evening at 6 o'clock at the YWCA.

Attorney Eugene Hartman, chairman of the drive, will outline the work of the solicitors who will make the door-to-door collection throughout the community. He will also speak at 9:05 o'clock over WGOT in an interview on the work of the Community Chest.

So far approximately \$500 of the \$20,500 has been turned in by persons who wished to make their contributions prior to the start of the drive.

In connection with the start of the campaign, Mrs. Henry T. Bream, residential area chairman, today announced the 85 persons who will conduct the solicitation within the residential portion of the borough.

The group includes:

United Nations Day Pageant Scene

This was the scene Monday evening on Kurtz Field at Gettysburg High School during the pageant held as part of the United Nations Day program sponsored by the Adams County U. N. Committee to mark the eighth birthday of the United Nations and honor the returned Adams County Korean War veterans. Shown in the foreground, before the stage erected on the field by the Junior Chamber of Commerce, are members of the Gettysburg High School band. In the center of the stage is Mrs. Philip Noble, with upraised sword, representing the United Nations. Back of her is a large globe. The United Nations and American flags are beside the globe and fanning off to each side are flags of U. N. member nations. In front of the flags are persons in costumes of various nations and individuals representing agriculture and schools, aided by U. N. throughout the world; public health, the family and the workingman. (Lane Studio Photo)

No Shortage Of Water Here

Despite worsening drought conditions throughout the state caused by Pennsylvania's most severe dry spell in recent years, John Long, manager of the Gettysburg Municipal Authority, today said that there was no need for local alarm.

"The water supply from our Marsh Creek pumping station is holding up well," he said. "The stream from which we get our water is as strong as it was a month ago."

Long said that even at the present rate of water consumption under the same conditions he foresees no future need for conservatio. necessities. "We can hold out beyond the point when we'll receive our next rain," he said.

Just how the current dry spell will affect Adams County hunters could not be answered by Carl Menchey, county treasurer, who said he will receive official notification of the "go-ahead" or cancellation only a few days prior to the October 31 opening date.

WIDE VARIETY OF ARTICLES FOR AUCTION SALE

An exceptionally large variety of valuable and unique articles will be available to the public when the Woman's League of Gettysburg College conducts its auction sale next Saturday beginning at 11 a.m.

Articles by the score have been donated to the League and the committee in charge said today "we will have the biggest surprise ever for those interested in our auction. We have some handsome articles, unique pieces, some much to be desired by everyone, and all of value."

Revenue from the auction will be turned over to the Fine Arts Fund at the College.

Among the articles donated are the following:

Several yards of Japanese cotton print material; painting of a country scene by Prof. W. F. Robinson, head of the College Art Department; painting of a college scene by Mrs. Frederick Eckert, head of the Woman's League of Gettysburg College; a book written by Dr. Walter C. Langsam, college president, entitled "Documents and Readings in the History of Europe since 1918"—autographed; floor lamp, and antique picture frames.

Sterling silver serving spoons; club aluminum vegetable cooking set; small Japanese eggshell trays (Please turn to Page 6)

FIREMEN TO MEET

The Gettysburg Fire Department will meet Wednesday evening at 7:30 o'clock at the engine house, President William G. Weaver announced. The meeting, originally scheduled for last Wednesday, was postponed because of the demonstration of fire apparatus that evening. A number of important matters are to be brought before the membership at the session, President Weaver said.

WINS SECOND PRIZE

Ernest H. Simpson, 16 Fourth St., won second prize in the 13th class with his 1911 Cadillac at the annual fall meet of the Antique Automobile Club of America held Sunday at the Devon Horse Show Grounds, Devon, Pa. The local model was selected from 45 automobiles of the 1908-12 vintage. About 400 vehicles were placed in competition at the meet. Mr. Simpson, who was accompanied to Devon by Mrs. Simpson, was presented with a silver ash tray engraved with the club's emblem.

STOUGH WINS BRONZE MEDAL IN KANSAS CITY

Ted Stough, a New Oxford High School student who went to the national convention of the Future Farmers of America in Kansas City last week as the best FFA poultry judge in Pennsylvania, captured third highest honors in the nation there and brought home a bronze medal.

Stough as a member of the Pennsylvania poultry team placed third individually in the poultry judging in national competition. The Pennsylvania team also placed third. The state's livestock judging team placed first but had no Adams County members.

The judging took place on Wednesday, the results were announced Friday and Stough arrived home Monday with his medal and a share of the team honors. He was accompanied home by John L. Kratzert, vocational agriculture teacher at the New Oxford High School, who accompanied the state poultry judging team.

Russia Continues To Swallow Severe Propaganda Whipping From POWs Who Balk Coaxing

PANMUNJOM — The delayed Russian Communist efforts to woo 22,400 ex-Red soldiers home to communism halted indefinitely today after the Reds were turned down flat on demands that the POWs be dragged to the explanations by force if necessary.

Stung by the rebuff from India, Switzerland and Sweden, the satellite Polish and Czech delegates on the Neutral Nations Repatriation Commission (NNRC) walked out yesterday and gave no indication when they would return. They did not show up for today's NNRC meeting.

The explanations apparently were postponed indefinitely — at least until the NNRC can get operating again.

Reds May Give Up
Observers speculated that the Red walkout could be a prelude to dropping their persuasion efforts entirely in an attempt to avoid more of a propaganda whipping than they have already taken in two days of interviews. Only 19 of 921 Chinese who heard the Red pleas to return home chose the door to communism. The others refused—most of them with raucous, violent denunciations of the Reds.

Public apathy was termed the factor which last night caused the side-tracking of an important Chamber of Commerce forum meeting with Gettysburg citizens interested in organizing a united front for the promotion of tourist travel here.

Lack of quorum of five of the nine members of the Chamber Board of Directors forced Chamber President N. A. Mellicks to cancel what was to have been an organizational meeting at the court house and turn the meeting into an open discussion of remedial procedure and future plans.

In view of the stated "urgent" development of the tourist situation affecting the community, Chamber members present voted to hold another organizational meeting next Monday evening at 8 o'clock in the court room. By way of inducing a larger response, those in attendance were urged to each bring several citizens to the forum next week.

Create New Bureau

By vote of Chamber members, a "Tourist and Travel Section" was incorporated into the Chamber of Commerce. Its action will be independent, but under the jurisdiction of the Chamber.

A unanimous expression of deep concern over the evening's lackadaisical turnout (only 25 were present) was summarized in his opening remarks by Charles Bender, a director of the Chamber: "It is too bad that Gettysburg does not have more people who have more interest in the tourist trade. This should have been a meeting to decide whether or not to go after the tourist business."

"We can't wait," he continued. "Twenty-five years ago we didn't have to promote like we do now." (Continued on Page 9)

IN CARLISLE TODAY

Judge W. C. Shelly, Democratic candidate for Superior Court, was in Carlisle today to open his campaign in Cumberland County. He was guest of the Cumberland County Democratic Committee at luncheon in the VFW Home.

PUSH EFFORTS FOR DEED TO SCHOOL SITE

Members of the Gettysburg Joint School Board were assured Monday evening by their president, Dr. R. D. Wickerham, that "everything possible is being done" to get a deed to the government land within the six-week limit set last week by the directors.

The board felt at its meeting October 12 that no more than six weeks can be allowed to pass without having the deed to make it possible to meet state deadlines on new building construction at Harrisburg.

Dr. Wickerham said "all the papers necessary" were rushed to Washington last week by messenger rather than using the mails. A letter was received last Friday from the government telling the school district what is yet required.

Have Option

"Certain things are asked from Washington," Dr. Wickerham said and as soon as those "certain things" are ready, the deed is to be forthcoming at the earliest possible date. He did not say what the "certain things" were.

Attorney Richard A. Brown, school district attorney who has been handling the legal aspects of the land deal with the government, told a reporter for The Gettysburg Times after the meeting that the board's negotiators have secured an option (Continued on Page 2)

FOUR STUDENTS INJURED WHEN CAR HITS HOUSE

Four Syracuse university students who started for Washington, D. C. Monday morning at 8 o'clock ended their trip practically in the kitchen of a Dillsburg R. D. home at 4:45 o'clock that afternoon.

State police said "only good fortune prevented" several deaths in the crash.

The home, a log structure with brick casing, owned by Mr. and Mrs. Maurice Bishop, Dillsburg R. 1, was twisted so badly by the force of the auto hurtling into it that police set damages at from \$3,500 to \$4,000.

Mrs. Bishop had left the kitchen a few seconds before the car crashed into the side of the house after swerving off the road. Otherwise, police said, she would most likely have been badly injured when the impact sent a shower of bricks, plaster and logs hurtling into the kitchen.

Driver Falls Asleep

Donald Moller, 21, Orangeburg, N. Y., was the driver of the vehicle. Police said that after driving approximately 275 miles, starting at 8 o'clock Monday morning, he "dozed off" as the car was going down a grade 2 1/2 miles south of Dillsburg on the Gettysburg Rd. As the car approached a left curve it ran off the right side and struck a culvert. Then it swerved 80 feet and smashed into the corner of the house.

The car knocked down the brick (Please turn to Page 6)

LODGEMEN TO END SESSION ON WEDNESDAY

The Supreme Session of the Knights of Malta went into its second day this morning with some 50 past grand commanders meeting in closed conference at Odd Fellows Hall.

This evening Rev. Dr. Byron Sheetz, Reading, will be guest speaker at the banquet of the Supreme Grand Commandery. The title of his topic will be "What Is Our Task?"

Monday evening at the College of the Ancients' banquet, over 150 men and women from New York, Pennsylvania, Ohio, Maryland, Massachusetts and Maine heard Rev. Dr. Nevins Smith, Emmanuel Reformed Church, Hanover, speak on the subject, "Be a Champ, Not a Champ."

Close On Wednesday

"Let's not be a champ today and a chump tomorrow," he urged. "We become great by doing the menial tasks going the second mile."

Following the banquet, the College of the Ancients — a side degree of the Malta organization — went into session and received three new members.

Wednesday morning's program at Odd Fellows Hall starts at 9 o'clock and will conclude the Supreme Session of the Knights of Malta. Tomorrow's itinerary calls for opening suggestions for the good of the order, followed by the election and installation of officers for the coming year.

The Rev. Dr. W. Marian Jeschke, Buffalo, N. Y., will be installed Supreme Commander, to succeed J. C. Schroeder, of Canton, Ohio.

Youth Convention Here On Wednesday

The annual youth convention sponsored by the Adams County United Christian Youth Council — administered through the Adams County Council of Christian Education — will be observed Wednesday evening at 7:30 o'clock in St. James Lutheran Church.

Rev. Victor Meredith, pastor of the Gettysburg Methodist Church, will speak on the theme "So Send I You."

All young people and their leaders in local churches are invited to share in the interdenominational program at which special music will be provided by the choir of the host church and the Biglerville High School boys' sextet.

The Adams County United Christian Youth Council is a part of the United Christian Youth Movement of the National Council of the Churches of Christ in the United States.

SCHOOL BOARDS SIGN LEASES ON NEW BUILDING

Members of the Gettysburg Joint School Boards spent an hour Monday evening going through the legal red tape connected with preparations for awarding contract for the erection of the \$775,000 addition to the Gettysburg High School building.

After explanations by Attorney Richard A. Brown, the presidents and secretaries of the member boards signed copy after copy of amendments to the old lease agreement with the Gettysburg School Authority, copies of a resolution adopted by each of the boards authorizing execution of a new lease agreement between the authority and the joint school district.

The individual boards passed motions adopting the six-page resolution describing the terms of the new lease and authorizing the respective board officials to sign the new lease which was submitted to them in printed form. Officers of each board had to sign all copies.

Semi-annual Rental

The meeting, called for 8 p.m., did not get underway until 8:35 o'clock but was ready for adjournment by 9:30.

The new lease, executed as of November 1, 1953, calls for completion of the addition by March 1, 1955.

The lease itself is for a term of 30 years and three months, the time required to retire the bond issue which the authority has sold to finance the new building. The school district is to pay to the authority regular, semi-annual rentals of \$26,000 to pay bond interest and retire the serial bonds. The rental payments are due June 15 and December 15 with the first to be paid next June 15.

Pledge Tax Levies

The resolution carried with it an agreement by each board to pay its share of the semi-annual rental sums and to levy taxes necessary to make the payments. The amounts for each district will be determined on the basis of real estate valuation figures fixed annually by the State Tax Equalization Board.

An addition measure was approved by the Gettysburg directors and had to do with the special \$50,000 pledge toward the cost of the new auditorium.

Dr. R. D. Wickerham, joint board president, presided at the meeting with officers and a majority of members of all boards in attendance.

145 SPOTTERS REQUIRED AT SPOTTER POST

Appealing anew for 145 more spotters to staff the Gettysburg Aircraft spotter station around the clock, seven days a week, Chief Observer James Strickhouser pointed out today that the task is not complicated nor does it require any special training.

"The instructions are simple," Strickhouser explained. "All you have to do when a plane is sighted is to pick up the telephone and say to the operator: 'Aircraft Flash.' The operator will connect you with the Air Defense Center at Baltimore and the operator there says: 'Air Defense, go ahead.'"

"Then the observer simply gives the message from a form that is supplied. It includes the number of aircraft in such general items as one, few, many or unknown; the type of aircraft which includes the number of motors and whether it is a jet; whether the plane or planes are high, low, very low or very (Continue. ARRIVES FROM JAPAN

Cpl. Leo T. Groft, McSherrytown, arrived in Seattle, Wash., from Japan Monday aboard the Navy transport Gen. M. M. Patrick.

R. GARRETSON, PIONEER FRUIT GROWER, DIES

Robert Garretson, 86, one of the county's oldest fruit growers, died this morning of a heart attack at his home in Flora Dale.

He had been confined to his home since September 13 by heart trouble and at that time discontinued active management of his farm. However he had seemed in his usual health this morning. At 9:30 o'clock he suffered an attack and died before his physician could arrive. Dr. C. G. Crist, county coroner, issued the death certificate listing a heart attack as the cause.

A native of York County, he was born August 2, 1867, a son of Israel Robert Garretson and Rachael Garretson. His wife, the former Mary Catherine Shelly, died in 1931. He was the last surviving member of his family.

Services On Thursday

A pioneer fruit grower in the county, he was active in the county fruit growers' association and a booster of the South Mountain Fair. He was a member of the Adams County Rationing Board during World War II. He was a birthright member of the Religious Society of Friends.

Surviving are seven children: Chester W. Garretson, Youngstown, O.; Cameron R. Garretson, Flora Dale; Marshall S. Garretson, 143 Chambersburg St.; Clifford D. Garretson, Middletown; Mrs. J. W. Beidler, Biglerville; Mrs. Paul Ecker, 48 Stevens St.; and Mrs. Truman Eyer, at home. Also surviving are seven grandchildren.

Funeral services Thursday afternoon at 2 o'clock from the late residence with the Rev. Clyde R. Brown, Gettysburg Presbyterian pastor, officiating. Interment in the Menallen Friends Meeting House Cemetery at Flora Dale. Friends may visit the late home Wednesday evening.

SEEK TO REVIVE TWO-YEAR-OLD EBERIGHT WRIT

The affairs of Albert Eberight, Baltimore, one-time manager of the now defunct Adams County Cooperative Egg Association and recently released from Adams County jail after serving 23 months on fraudulent conversion charges, bounced back into Adams County Court Monday.

On October 3 the court handed down a "rule absolute" to a writ of foreign attachment filed against Eberight about two years ago. The rule gave Eberight about \$300 worth of personal property which had been held under the writ throughout the time Eberight was in jail.

Adams County Court made absolute the rule quashing the writ for failure of the Adams Cooperative Egg Association to reply to a motion to abolish the writ.

Claims No Notice

Monday Paul F. Worcester, trustee in bankruptcy for the defunct cooperative, petitioned the court to set aside its order releasing the Eberight property from the writ. Worcester, through his attorney Edwin Buchen, Hanover, said he was not notified concerning the possible termination of the writ, that he had been expecting to argue the matter.

As a result the court set December 21 at 1:30 p.m. as the time for argument on whether the "rule absolute" should stand.

Fred Bly, New Oxford R. 2, was directed to pay \$40 per week for the support of his wife and two children, pay the costs and enter into a bond of \$500 on his own recognizance following a non-support hearing in Adams County court Monday.

Support Orders Given

Roy A. Baker, Thurmont R. 1, was directed, following a support hearing, to pay \$7.50 per week for support of a child, pay the costs and post a \$500 bond on his own recognizance.

The support order of Clarence R. Hartlaub, Gettysburg R. D., was reduced to \$18 per week, for the support of children only, following a hearing. John W. Wolf, Hanover St., New Oxford, was directed to pay \$25 per week for the support of his wife and three children, pay the costs (Continued on Page 2)

on a 29-acre plot including five tracts of land owned by Mr. and Mrs. Luther I. Sachs, east of Wainwright Ave. and south of the high school land.

The option is to buy the land for \$15,000. The three appraisers selected to appraise land involved in the deal, valued the 29 acres at \$10,000 and placed a \$12,500 value on the 23-acre tract of park land which the school district wants. That tract lies between the high school athletic field and E. Confederate Ave.

Offer \$15,000 And Option

The plan is to give the option on the Sachs tract and \$15,000 to the government in exchange for the 23-acre tract where the school board hopes to build its new elementary school.

A detailed abstract of title on the land involved is now being prepared for the government, Mr. Brown said.

Dr. Wickerham said the revised plans for the new grade school building may be ready in time to call another special meeting of the directors next Monday to give final approval and authorize the advertisement for bids. The revisions in the plans were made necessary when the board decided to use the government land rather than Colt Park for the new building, provided the deed can be secured from the government in time.

The Planning Committee and architects from the Buchart Engineering Corporation at York held a meeting at 11:30 o'clock this morning on the government land to discuss grade and landscaping matters.

Appointed Master

Attorney Franklin R. Bigham was appointed master in the divorce action of Edna May (Oram) Myers versus Robert Francis Myers.

Evian D. Kline, Littlestown, was named as guardian for his 17-year-old son, LeRoy D. Kline, in connection with the action in trespass brought by Oscar G. Smith against the youth.

Accounts in 11 estates were confirmed and schedules for distribution of approximately \$145,000 in the 11 estates were approved by the court Monday.

The court had to make a decision concerning the custody of a four-year-old child when both parents sought custody and each contended the other was unfit to care for the youngster.

Custody of the child, Linda Mae Roberts, daughter of Marvin Roberts, Chambersburg St., and Marian V. Roberts, Littlestown R. D., was given to the maternal grandmother by the court, with arrangements made for both the father and mother to visit the child. The couple is divorced and Mr. Roberts has remarried. Mrs. Roberts had original custody of the youngster.

The accounts and the amounts for distribution in each included: Walter E. Wolfgang, executor of the will of Esther M. Wolfgang, late of New Oxford, \$5,479.46; Leon J. Conrad, administrator of the estate of Francis B. Conrad, late of McSherrystown, \$30,467.73; Charles V. Kuhn, administrator of the estate of Mary J. Kuhn, late of Mt. Pleasant Twp., \$151.99; Celsus E. Collins and Hilda Sanders, executors of the will of James H. Collins, late of Mt. Pleasant Twp., none; Francis W. Dutera, Anastasia C. Dutera Scott, and John W. Dutera, executors of the will of Howard M. Dutera, late of Littlestown, \$5,690.05.

George Taylor, executor of the estate of Laura Virginia Kalbfleisch, late of Gettysburg, \$24,910.76; Lloyd A. and Russell W. Durboraw, executors of the estate of William G. Durboraw, late of Gettysburg, \$63,756.25; Bertha M. Breighner, administratrix of the estate of Melvin L. Breighner, late of Tyrone Twp., none; Paul C. Woodward, executor of the estate of Ellsworth C. Woodward, late of Gettysburg, \$5,349.42; A. Lott Walker, executor of the will of Samuel C. Lott, late of Highland Twp., none; Mary Jane Sheets, administratrix of the estate of George W. M. Stock, late of New Oxford, \$8,312.83.

Returns To "Scene" And Is Arrested

The return of a 15-year-old to the "scene of the crime" led to his being "picked up" by borough police Sunday morning.

The youngster, with another juvenile, found a pocketbook lost at the Gettysburg College football game Saturday afternoon by a Miss Lehnberger, N. Washington St., and removed, police said, \$6 from the pocketbook. The youngsters then tossed the pocketbook aside on the road just south of the college field.

Sunday morning one youngster went back to see if there were anything else of value in the pocketbook and was seen by a resident of that area who called police. Police failed to nab the youngster when he ran but later picked him up at his home.

PROWLER REPORTED

Borough police were called at 11 o'clock Monday evening to search for a prowler in the press department of The Gettysburg Times. The prowler made his escape before police could locate him.

The Auxiliary of Post 15, Veterans of Foreign Wars, will meet Wednesday evening at 8 o'clock at the post home on Carlisle St. New members will be initiated at the meeting.

Wedding

Hughes-Caler

Miss Sheila Ann Caler, daughter of Mr. and Mrs. Charles H. Caler, Hanover, and Carroll E. Hughes, son of Mrs. Charles Rook, Hanover R. 4, were married Saturday at 2 p.m. in the Church of the Brethren, Westminster. The double-ring ceremony was performed by the Rev. Harold Z. Bomberger in the presence of relatives and friends. Mr. and Mrs. Paul Kump, Littlestown, brother-in-law and sister of the bridegroom, were the attendants. After the ceremony a reception was held at the home of Mr. and Mrs. Melvin Bowers, Westminster, uncle and aunt of the bride. The bridegroom, an employee of the Asplundh Tree Co., attended Littlestown High School. The bride, who has been employed by the Penland Paper Co., attended Hanover High School. The couple will reside at the home of Mr. Hughes' mother.

Seminary Organist Speaks At Workshop

Robert S. Clippinger, Camp Hill, organist and choir master at the Seminary Church of the Abiding Presence, and at Grace Methodist Church, Harrisburg, will discuss "The Organist and Choir in the Larger Church," at the evening session of the Central Pennsylvania Synod's Workshop on Worship between 7:30 and 9:30 o'clock tonight at Grace Lutheran Church, Lancaster.

Mr. Clippinger, a native of Waynesboro, is a graduate of Lebanon Valley College and the University of Pennsylvania. He has done graduate work at the Juilliard School of Music and is an Associate in the American Guild of Organists. He taught music in the public schools and was choir director and organist at St. John's Church, Hagerstown. Mr. Clippinger's discussion will include the "church music program from the practical standpoint with emphasis on choir and organ repertoire, the playing and singing of the Common Service with attention given the cultivation of 'taste' in church music and the means whereby the quality of a composition may be judged."

to these Adams County men and other men within our borders who were part of that first great army to fight, as Americans, with men from other nations, in Korea under the United Nations flag and a United Nations command."

Flags Are Massed
A special birthday cake, donated by Hennig's Bakery and the Shetter House, was served the Korean War veterans.

The Kurtz Field program opened with a march by the Gettysburg High School band.

Joseph L. Rosensteel and Mrs. Edwin Killelea, narrators for the pageant written by Mrs. Mara Stearns, Fairfield Rd., outlined the work of the United Nations as flags from the various countries of the U. N. were brought to a platform constructed in the center of the high school field. The platform was erected Sunday by member of the Junior Chamber of Commerce.

At the rear of the platform, was a huge globe representing that portion of the earth shown on the U. N. flag.

GHS Chorus Sings

A number of persons in costumes of many nations of the United Nations joined the group on the platform.

The Gettysburg High School band and chorus presented "Born To Be Free" and the Rev. J. O. Fountain, pastor of St. Paul's AME Zion Church, gave the invocation.

Dr. Harold Dunkelberger, chairman of the committee, was master of ceremonies.

Following a folk dance by students of the girls physical education classes at Gettysburg College, and precision drills by the drill teams from the Army and Air ROTC of Gettysburg College, Dr. Richard H. Heindel, deputy director of the U.S. National Commission for UNESCO, U.S. Department of State, gave the address of the evening.

Bulwark Against War

He urged the group to "think for a few moments of those tough problems, complex questions, heart-breaking disappointments and seemingly endless troubles which man perpetrates. Because, as Ambassador Lodge puts it, the United Nations stands between us and World War III or the extinction of human freedom—or both."

"The world is now your neighborhood. What kind of a world is it? To 93 per cent of the world we are the 'foreigners'."

"The world is interdependent, and peace and freedom demand partners. Often those partners are 'strangers' of different colors, creeds and tongues."

"Foreign affairs and domestic affairs are interrelated. 'Sixty sovereign nations belong to the United Nations while 19 others are seeking admittance."

Reds Snare 600,000,000

"Two-thirds of humanity live in under-developed regions. Half of humanity lives in wretched poverty and illiteracy. 'Some 600 million peoples have won their independence since 1945 and another 170,000,000 dependent peoples are also of concern to the United Nations."

"But, alas, since 1399, 600,000,000 people of some 15 nations have been coerced into the Soviet camp of dictatorships. Yes, this last fact reminds us that added to the staggering challenges in the world community is the presence of aggressive, destructive forces which are basically hostile to the United Nations system and to the minds of free men."

"But let us not frighten ourselves out of our American heritage of unity in diversity and faith in the strength of freedom."

Problems Of World

"If studies of human behavior and audiences are any clue, you are probably in this audience because you are already part of that 77 per cent of the American people who favor continued participation in the United Nations."

"But even for such supporters, the United Nations is not a perfect, static finality. And all of us have our 'ifs,' 'ands' and 'perhapes.'"

"But there are also the hostile and indifferent and one would wish to enlist their brains and energies in the mighty tasks before us."

"The problems are many and complex, they are the problems of the whole world."

Each Pays 16 Cents

"Are these your affairs? Can you feel at home with them?"

"Yes, I know that we pay taxes to support these enterprises. The United Nations assessments last year cost each American 16 cents, and that sum is designed to cut down the necessity of \$400 from each American for our annual military budget."

"But something more is needed at home."

"Undersecretary of State General Bedell Smith expresses it in this way: 'The building of a cooperative peace demands, in the free countries of the world, citizen minds which are capable of thinking with equal facility and with as much accuracy in global terms as most of us thought in mere community terms when we were younger.'"

"Your analysis of the problems and peoples of the United Nations will help your government in its policies. 'The struggle for peace is like war—it is intimate, deadly serious, demanding and no one really escapes.'"

The program concluded with the singing of the United Nations Song by the Biglerville High School Chorus, during which the overhead lights of the football field were extinguished and portable lights supplied by the Gettysburg Fire Department lit the U. N. and American flags and the globe.

Littlestown High Honor Society Returns From Trip To New York; At UN Session

Members of the Lambda Tau chapter of the National Honor Society of the Littlestown High School returned home on Sunday evening after spending several days in New York City. Those who made the trip were Supervising Principal Paul E. King, Frank E. Basehoar and Miss LeOra L. Held, of the faculty; Dean J. Sell, James Hollinger, Larry Feesser, William Benner, Jeanne Blocher and Dorothy Jones.

On Friday, the group attended the United Nations session and visited the Federal Reserve Bank. During the time in New York, they attended the stage plays "Porgie and Bess" and "Wish You Were Here," and they saw the cinemascopic film "The Robe." They were also present for the National Symphony Orchestra radio broadcast; took the usual sight-seeing tours and made side trips to Chinatown and the Bowery. On Sunday, several of the group attended the Collegiate Marble Church to hear Dr. Norman Vincent Peale and others went to St. Patrick's Cathedral.

Hear Red Lion Pastor

The Rev. Dr. Oliver S. Maurer, pastor of St. John's Evangelical and Reformed Church, Red Lion, was the guest speaker at the union vesper service on Sunday evening in St. John's Lutheran Church. Dr. Maurer, who is chairman of the committee on evangelism of the Mercersburg Synod, preached to the large congregation on the subject "Do You Have Enough Religion?" The speaker was secured by the Rev. Frank E. Reynolds, pastor of Redeemer's Reformed Church, and was introduced by him. The Rev. Mr. Reynolds read the Scripture and also made the announcements. The pastor of the hostess church, the Rev. William C. Karns, conducted the service, offered the prayer and pronounced the benediction. A special anthem was sung by St. John's Senior Choir, accompanied by Miss Evelyn Harget, organist.

The Rev. Mr. Karns has secured the Rev. Herbert Schmidt of the Gettysburg Theological Seminary for the speaker next Sunday evening when the service will be held at Christ Reformed Church, the Rev. G. Howard Koons, pastor.

M'KAY ASSERTS FUEL INDUSTRY NEEDS REVIEW

WASHINGTON (AP)—Secretary of the Interior McKay said today the depressed status of the coal industry "is so obvious that it is a cause for national concern."

"In an energy market that is huge now and with prospects of great expansion, the need for a new and serious look at the fuel situation becomes increasingly important," McKay said in a talk prepared for the annual meeting of the National Coal Assn., a bituminous producers' group.

"If one of the fuel industries becomes weak, the other existing fuel industries are endangered. A weakened fuel industry sows the first seed for government control and then for government subsidy."

"Soon the other fuel industries are forced to compete with the government and eventually they too will fall under government control."

"Such a situation, if it is per-

RED SUSPECTS GET \$43,230

LONDON (AP)—Four Americans fired from United Nations jobs for failing to answer U. S. loyalty probe questions about alleged Communist ties have been awarded \$43,230 in compensation.

The payments were ordered last night by the U. N. Administrative Tribunal, a kind of appeals court for staff members of the international organization. The tribunal, previously had ruled their ousters illegal and demanded their reinstatement.

The compensation was requested as an alternative under U. N. rules when Secretary General Dag Hammarskjöld announced he would not accept the tribunal's call for their rehiring.

ISRAEL DEFIES U. N. RULE; LOSES \$100 MILLION

WASHINGTON (AP)—Secretary of State Dulles disclosed today the United States has suspended a 100 million dollar aid program for Israel because he believes the Israeli government is defying a United Nations ruling.

Dulles said the Eisenhower administration has decided to defer any aid allocations to Israel until it abides by a U. N. ruling it must stop trying to divert waters from the River Jordan along the Syrian frontier.

At a news conference, Dulles said the United States believes Israel should respect a decision, ordering a halt to this project, made by Gen. Vagn Benneske, Danish chief of the U. N. truce supervision group along the Palestine frontier.

Get Smaller Amounts

The United States is continuing to go forward with smaller amounts of technical aid funds to Israel, he said. But, no allocation of the larger grant funds, appropriated by Congress for the entire Middle East, has been made.

He estimated the amount involved for Israel was 100 million dollars. Allocation for Arab governments from foreign aid funds, he indicated, are continuing to go forward. He noted the United States used part of this money for emergency aid to Iran a few months ago.

STOUGH WINS

Rogers of East Berlin High School, who was a member of the national FFA chorus.

Top speakers at the convention included Secretary of Agriculture Ezra Taft Benson; Mrs. Oveta Culp Hobby, secretary of health, education and welfare, and President Eisenhower, who addressed the final convention sessions.

The honors won by Ted Stough are believed to be among the highest ever captured at a national FFA convention in a quarter century of FFA work in this county. The Future Farmers of America are celebrating the 25th anniversary of their founding this year and the Kansas City convention climaxed that observance.

FFA Enrollment Up Here

The FFA program is 25 years old in Adams County, too, for the initial unit was formed at the former Arendaville High School in 1928 and continued there until the high school was discontinued.

Chapters were formed in most of the other high school centers in the county in 1936.

Fairfield and York Springs High School units were formed about 12 years ago.

FFA enrollment has reached a new high in Adams County this year, Mr.

Lighter reported today, with a total of 235 boys taking part in the program and activities. Gettysburg has the largest chapter with 80. Biglerville is next with 47 and the others include: Fairfield, 34; New Oxford, 25; York Springs, 19, and East Berlin, 30. Nationally the FFA membership has rocketed to 363,369.

Train Farmers, Citizens

The organization's beginnings date back to 1917 when the National Vocational Education Act was passed. Boys enrolled in courses established under that act felt a sort of comradeship that led to local organizations that spread to county and state scope and then the national body was formed.

The purpose of the organization is to train its members to be good farmers and substantial law-abiding citizens. At the first convention there were 35 boys and at last week's gathering delegations came from every state and from Hawaii and Puerto Rico.

Appearance of a special FFA anniversary postage stamp coincided with the national convention at Kansas City, Mo.

The Adams County members of the FFA present a weekly radio program over WGET and present information on the program and purposes of their organization. Reports on the Kansas City sessions are due to be reported on coming broadcasts.

DELAY MOVING YANKS, BRITONS FROM TRIESTE

WASHINGTON (AP)—The United States and Britain reportedly have decided to slow down evacuation of their troops from disputed Trieste while they try to resolve Italy's and Yugoslavia's bitter quarrel over the area.

Secretary of State Dulles spent an hour with President Eisenhower this morning, presumably giving him a report on the London conference of the Big Three foreign ministers, concerning Trieste and other matters. Dulles had no comment as he left the White House.

Diplomatic officials familiar with the Trieste maneuvering said Eisenhower and Dulles both believed it would be best to move slowly in evacuating some 7,000 American and British troops now garrisoning Zone A.

Plan Conference

The idea was that a slowdown would lessen the chance that Marshal Tito would make good his threat to move his troops into the Allied zone rather than let Italian forces take over in accordance with the U. S.-British proposal of last week.

It would also give American, British and French diplomats time to arrange an acceptable basis for a conference with Yugoslavia and Italy.

Informed diplomats emphasized any decision to delay U.S.-British evacuation would in no way mean the two powers are backing down in their decision to turn over the zone to Italian control.

THE Camera COLUMN

By Dave Garfinkle

Photographers, both amateur and professional, make photos for a single purpose . . . to be looked at. And the success of any picture depends on the number of people who will be interested in seeing it. How do we get this "mass appeal" in our photos?

The answer lies in number of elements we bring into our picture. For instance, a baby picture which is merely a likeness of the child will be of interest only to the parents and relatives, not to any stranger.

But if we can get a typical expression of mood, a smile or a laugh or a tear, something that tells a universal story about all children, then we have "mass appeal."

For the vast audience of a photo contest or a photo magazine, we might need even more. A pet, for instance, a kitten or puppy, will bring all pet lovers into the range of our picture's appeal. The background (the garden, the playground or the nursery) will interest even more. In other words, the more elements of human interest we bring into the picture, the greater its "mass appeal."

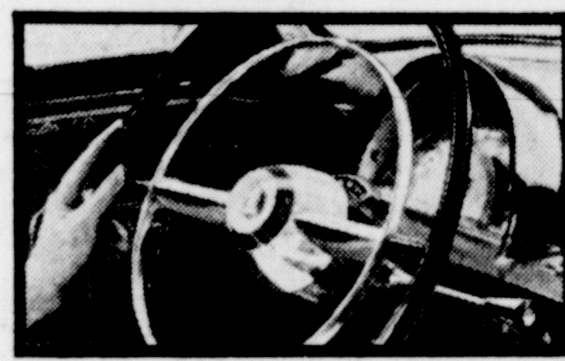

With other picture subjects, this introduction of points of interest is even more important. Child portraits have a pretty universal appeal to start with, but other subjects must often work harder for mass appeal. Incidentally, an appealing child portrait is possible with your camera when you have a close-up lens. These you may purchase from us, in "the most complete camera shop in this area," DAVE'S PHOTO SUPPLY, 52 Chambersburg Street, Gettysburg, phone 83-W.

PROVEN V-8 PERFORMANCE + NO-SHIFT MERC-O-MATIC DRIVE

HOW MERCURY'S PROVEN "POWER PARTNERS" PROTECT THAT HIGH FUTURE TRADE-IN VALUE!

You get a power team that's engineered to work together. Its proven performance will help keep it in big demand. You'll get back more of your original investment when you finally trade in your Mercury.

Independent market reports prove it. Mercury consistently leads its class for trade-in value. And, Mercurys with Merc-O-Matic Drive bring the top price of all.

That's why it's even more important for you to get the

finest in no-shift driving when you buy a new car—to protect future trade-in value. Cars with conventional gear shifts, and even partially automatic transmissions, are becoming old-fashioned . . . will be less in demand in the years ahead.

Fully automatic Merc-O-Matic Drive has been specially engineered to go with Mercury's far-advanced V-8 engine. The size, weight, and horsepower of the car have been carefully considered to give you the smoothest, thriftiest, proven no-shift driving on the market.

And, if you want to anticipate future automatic trends in cars even more, Mercury offers you the greatest array of optional power features in the popular-price field. So drop around for our special extra allowance on your present car.

BEST TIME EVER TO BUY A

Out Of The Past

From the Files of the

FIFTY YEARS AGO

A Fine Entertainment: Keene, the
inventor-magician, more than
pleased a large audience at Xavier
Hall, Monday evening. Trustfully
speaking he is the best magician
that has ever appeared before a Gettysburg audience. He is certainly
a clever performer and his every
movement betrays his work to be
legitimate of the very highest or-
der. Politeness and refinement
marked the entire program.

Local Miscellany: J. Murray
Smiley, who for some time has
been foreman at the Progress office
has purchased from M. M. Tawney
his job printing plant and took
charge of the same on Monday.

There is a movement on foot
which is being backed by a number
of our business men to form a stock
company with a view of construct-
ing a new electric light plant for
Gettysburg.

Three fine bay horses have been
purchased to be used by the Han-
over Fire Company. Two would be
enough for the Gettysburg Com-
pany.

Chestnuts are scarce and are
said to be selling at from \$5 to \$7
per bushel.

W. T. Ziegler sold to Mrs. Ida
R. Good a house and lot on N.
Washington St., adjoining the shirt
factory.

On and after November 1 the
price of milk will be 6 cents per
quart. So say our dairymen.

Marriages: Robinson-Stoops—Oct.
19, at Fairfield, by Rev. F. Mackley,
Chas. Robinson of Gettysburg, to
Miss Carrie V. Stoops, of Fairfield.
Sponseller-Wherley—Oct. 18 at
Littlestown, by Rev. F. S. Lindaman,
Jesse H. Sponseller to Miss Jane R.
Wherley, both of Mt. Pleasant Twp.
Felix-Eliz—Oct. 20 at New Oxford,
by Rev. L. A. Reutter, Lehman F.
Felix of Straban Twp., to Miss
Sarah E. Eliz. of Reading Twp.

Beautiful Home Wedding: A beau-
tiful home wedding was solemnized
Tuesday at the residence of Mrs.
Helen A. Keith, Baltimore St., at
noon when her daughter, Miss Amy
M., became the bride of Roy C.
Miller, of Mt. Vernon, N. Y. The
ceremony was performed by the
Rev. V. T. Rue and was witnessed
only by the immediate relatives and
friends of both families.
After the ceremony a wedding
dinner was served.

Football Notes: Gettysburg Col-
lege football met another defeat last
Wednesday when they tacked the
strong University of Pennsylvania
team at Philadelphia, the score
being 72 to 0.
T. P. James, one of the Gettysburg
players received a severe kick in
the face during the game and was
taken to the U. P. Hospital.

Kimpie-Redding: Wednesday
morning the 14th inst, Miss Eliz-
abeth Redding, of Straban Twp., be-
came the bride of Theodore Kimpie,
of this place. The ceremony occurred
in St. Francis Xavier Catholic
Church, and was performed by the
Rev. Father T. J. Crotty. The brides-
maid was Miss Jennie Kimpie and
the best man, James Cole. After
the ceremony a wedding breakfast
was served at their furnished home
on Chambersburg St.

\$35,000 For Gettysburg College: A
bequest of \$35,000 to college here is
provided for in the will of Rev. J.
M. W. Stuckenberg, of Cambridge,
Mass.

The bequest becomes effective
upon the death of Mr. Stuckenberg's
widow. This testator directs, how-
ever, that in case Gettysburg Col-
lege, in his wife's judgment, is made
to subservive dogmatism, and tradi-
tionalism instead of a progressive,
living Christianity, she shall trans-
fer the property to Marietta College,
at Marietta, Ohio.

Mr. Stuckenberg, who was a
well known author, died abroad in
May.

Turkeys Scarce: Turkeys are re-
ported scarce in Adams County,
which is due to the great amount
of wet weather during the past sum-
mer. They are bringing from 16 to 18
cents per pound and in some of the
city markets are quoted at 30 cents
per pound.

Today's Talk

By GEORGE MATTHEW ADAMS

RELIGION

Religion is the greatest solace
bequeathed to mankind. Regard-
less of race, color, or nationality,
it works upon the human heart
in the same manner, to give hope,
comfort, and faith. Without religion
all effort and all living would be
divested of its one stable and
everlasting staff, upon which to
lean and to live, throughout life.

Never should we be ashamed to
acknowledge a belief in God, or
in the religion of our own choosing.
During our darkest days, and when
in trouble, or when visited by
sorrow or loneliness, it is religion
that comes to our aid. The great-
est men and women of all history
have been those of devout mind
and heart, armed with an ever-
lasting faith.

A great French writer came
to America to try and learn the
secret of its magic growth and
love of freedom—and he discovered
it in the churches that dotted the
country from ocean to ocean! No
nation ever can hope to long en-
dure if it wipes religion from
its people—or even tries to do so.
Religion is something that is
planted in the human heart at
birth. No tyrant or dictator can
reach it, for it is encased in a
fortress stronger than any created
by man!

How confident was the faith of
David, as expressed in the Twenty-
third Psalm, where he said:
"Surely goodness and mercy shall
follow me all the days of my
life, and I will dwell in the house
of the Lord forever." With
religion in the heart, each one of
us can look forward to each day
with confidence and faith. And,
through prayer, we can be
strengthened to face all emer-
gencies, without fear.

Every day of our lives we need
secret guidance, and we get that
through religion. It has been
proved over and over again. We
are feeble creatures in ourselves,
but with a higher Authority con-
trolling our lives, we can say,
with David, "My cup runneth
over."

Tomorrow Mr. Adams will talk
on the subject: "Changeless Nature."

HE REMEMBERED

His ways were friendly. Proud

was he,

But not with pride, severe and

cold.

Helpful always he tried to be.

To rich or poor or young or

old.

Life had not always been serene.

He had the lash of hardship

And well he knew what it can

mean

To think you face despair

alone.

He well remembered down the

years

How often he had been afraid.

The bitterness of doubts and

fears.

And all in need he tried to aid.

ITALIAN SAYS YANKEE KILLED HIS OFFICER

NOVARA, Italy. (AP)—A former
Italian Partisan testified today
that a United States lieutenant en-
gineered the slaying of his com-
manding officer "in order to be
free to favor the Reds."

The Partisan, Aminta Migliari,
took the stand at the second day of
the trial of two Americans and
three Italians charged with the
cloak-and-dagger murder of Maj.
William Holohan of New York City
behind Nazi lines in northern Italy
in 1944.

The Americans, former Lt. Aldo
Icardi of Pittsburgh, Pa., and for-
mer Sgt. Carl Lo Dolce of Roches-
ter, N. Y., are being tried in ab-
sencia. U. S. courts ruled they
could not be extradited for prose-
cution in Italy.

Three On Trial

Migliari and two other wartime
Partisans, Giuseppe Mannini and
Gualtiero Tozzini, are on trial in
person.

Migliari testified that prior to
this death Holohan had instructed
the Allies to cease parachuting
arms to Italian Partisans "because
he found out the Communists were
getting most of them."

After Holohan's death, Migliari
continued, Icardi radioed his head-
quarters "to parachute arms al-
most every day." At times when
the arms were expected, Migliari
testified, Icardi entertained non-
Communist Partisans while the
Communists collected the supplies.

The witness also testified that
Icardi, charged by the government
with planning Holohan's murder,
"was very friendly with Vincenzo
Moscatelli"—a top Partisan leader
during the war and now a Commu-
nist deputy.

Threatens Defendants

At the opening session of the
trial yesterday, Moscatelli shouted
at the three Italian defendants that
"the comrades won't forget you."
Migliari's testimony conflicted
with testimony of Mannini and
Tozzini yesterday. Both testified
that Icardi had ordered Holohan's
death because he was a "traitor,"
and "had to be sentenced to death."

Holohan, who headed the Office
of Strategic Services mission be-
hind enemy lines, was shot to
death Dec. 6, 1944. The government
confirmed the murder by finding
his body in Lake Orta in 1950. Lo
Dolce is accused of firing the fatal
shots after an attempt to poison
the major failed.

ACCUSE 2 OF KILLING BABY

LANCASTER, Pa. (AP)—A mother
and daughter are being held on
murder charges for Lancaster
County grand jury action in con-
nection with the death of a baby
boy six years ago.

The charges were filed yesterday
against Mrs. Mary Fay Hartman,
49, and her daughter, Mrs. Vera
Pay Rhoades, 22, both of Drumore,
20 miles south of here.

The mummified body of the in-
fant was discovered last Friday in
a suitcase.

Detective S. K. Cliff, who ar-
rested the women, said the baby
was born April 6, 1947, to Mrs.
Rhoades, then unmarried. He said
the infant died a day or two later,
and the body then was wrapped in
a blanket, covered with ropes and
placed in a suitcase.

In 1950, Cliff said, the mother
and daughter left Lancaster for
Drumore, leaving the suitcase and
several other pieces of property in
the care of a friend, Mrs. Emma
Garman.

Last Friday Mrs. Garman cleaned
house, and curiosity aroused, opened
the suitcase.

VETERAN COP DIES

PHOENIXVILLE, Pa. (AP)—Wil-
liam G. Stott, 71, veteran Wash-
ington, D. C. police officer and a
native of Lancaster, Pa., died here
yesterday. Stott retired from the
Washington police force in 1941
and had been living here where he
spent most of his early years.

A sister, brother and two children
survive. Funeral services will be
held in Washington.

ANOTHER SHELL GAME—Sisal tree in Puerto Rico is adorned with egg shells, which, according to Spanish custom, reflect light to scare away lizards and insects from gardens.

RUSSIANS FEAR GADGETS LIKED BY AMERICANS

NEW YORK (AP)—Technological
progress has made life in the United
States much easier, but the
average Russian is still afraid of
new time-saving gadgets.

This comparison was presented
indirectly yesterday in seven sepa-
rate speeches at the 22nd annual
forum of the New York Herald
Tribune.

Six experts on living conditions
in this country agreed that Ameri-
can designers, architects, artists
and industrialists have made great
progress in giving Americans clean
homes, healthful working condi-
tions, innumerable timesaving de-
vices and gadgets.

The seventh speaker, Associated
Press Correspondent Eddy Gil-
more, who had been chief of the
AP Moscow bureau for 12 years,
described life in Russia.

Fear Modern Gadgets

Gilmore said the Soviets blantly
copy American industrial de-
signs but do not fare too well. He
said the Russians do not like mod-
ern gadgets and are mystified by
them. Gadgets "seem to be too
much trouble," Gilmore said.

Americans show no hesitation in
using such devices, the other six
speakers indicated.

However, the six wondered what
has been done to provide Ameri-
cans with useful and beneficial
means of spending their leisure
time. One speaker estimated such
time as 1,000 hours more per
year than in the age of his grand-
father.

The six speakers were Henry
Dreyfus, industrial designer; Paul
R. Williams, architect and consul-
tant from Los Angeles; George
Nakashima, woodworker of New
Hope, Pa.; Arthur A. Houghton
Jr., president of Steuben Glass
Inc.; Charles Edwin Odgaard,
dean of the College of Literature,
Science and the Arts, University
of Michigan; and Francis Henry
Taylor, director of the Metropol-
itan Museum of Art in New York.

Governor Fine

Will Tour Israel

HARRISBURG (AP)—Gov. John S.
Fine said yesterday he would
travel to Israel Nov. 14 to tour
the nation and attend a program
in his honor.

"I expect to be gone two weeks,"
Fine said. "We'll fly over and
back."

The governor said he didn't
know any details of the program.
He added he was sponsoring the
trip across for himself and "five
or six friends." In Israel he will
be a guest of the nation.

Earlier this year Israel dedi-
cated a forest in Fine's name, but
the governor was unable to at-
tend the ceremonies. The trip will
be Fine's first to Israel.

ADVERTISE IN THE TIMES

Loses Wife In Fire; Faces Theft Charge

LANCASTER, Pa. (AP)—Richard
H. Decker, 27, whose wife died in
the \$250,000 fire at the Overlook
Bowling Alley here last month, is
being held without bail on charges
he actually saved \$1,158 reported
lost in the fire and converted it for
his own use.

Decker was manager of the al-
ley. He was charged yesterday
with larceny and fraudulent con-
version. His wife, Gloria, was
trapped in a telephone booth trying
to turn in a fire alarm and later died
of burns.

DOES NOT FEAR TRIESTE FUSS

SCHENECTADY, N. Y. (AP)—Rep.
Hugh Scott (R-Pa.), recently re-
turned from a visit to Trieste, sees
"no danger of war" developing
from the Italian-Yugoslav dispute
over that Balkan seaport.

Scott told 550 persons at a \$50-a-
plate Schenectady County Republi-
can fund-raising dinner last night
that Yugoslavia's Marshal Tito "is
holding a cold hand and running a
realistic bluff."

Scott blamed the explosive situa-
tion largely on Yugoslavia's elec-
tion campaign. If fighting broke out
between Yugoslavia and Italy, Ti-
to's forces "couldn't hold out for
three months," he said, "because
their guns are manufactured by
the United States and Great Britain
and (Tito) has to depend on us for
ammunition."

Tito cannot depend on Russia for
aid, Scott declared, because "Russia
hates a defective Communist
nation worse than a free nation."

Says Indifference Is Hurting Schools

PHILADELPHIA (AP)—The
national president of the Parent-
Teachers Associations has attacked
public indifference and inertia as
the "greatest tragedy of the pub-
lic schools."

Mrs. Newton P. Leonard, in an
address before the Pennsylvania
Congress of Parents and Teachers
here yesterday, said:

"The schools belong to the citi-
zens and when they fail through
lack of interest, through misgud-
ance and misinformation to give
the schools their needed support,
our bulwark of democracy is en-
dangered."

the really heavy-duty houseclean-
ing.

I thought our cleaning woman
was unique in being unable to
empty the dustbags of cleaning
tools due to a dust allergy. Now
I find that this allergy is common
to all cleaning women who grace
our neighborhood.

We don't have a cleaning woman
as of this week: the last straw
was a demand to be picked up and
delivered back home by the fam-
ily chauffeur while still receiving
bus fare.

No Michaelangelo

The painter, slapping new stain
on the roof, managed to splash
the claspboards liberally, neces-
sitating a whole new house paint-
ing job. He mixed up all the paint
for the bathroom walls without
testing to see if it matched or
clashed with the wall paper and was
bitter when the job had to be re-
done. We're still at an impasse
about \$40 extra he added to his
estimate.

The plumber, called to investi-
gate a gas leak, isn't interested
in making a repair. He wants to
replace all our pipes, and he's
patched up the leak with a sub-
stance resembling bubble gum.
I'm going to change plumbers.

It was only a simple bookcase
I wanted from the carpenter. It's
not much of a job, true, but he's
disdainful about it, and seems
much more interested in conning
me into cutting a door through the
living-room wall and turning a
terrace into a screened porch.
Estimate: \$1,200, and he doesn't
care if I never get my \$20 book-
case.

Magazines Passe

As for the industrious young
college student who has been
cutting my lawn, he wants \$2.50
to chase a gasoline-driven ma-
chine around the grass for some
45 minutes and explains he is
charging that much because he
wants to make \$500 before school
starts. This is a worthy project
all right, but if I put anyone
through college, I'd like to pick
the subject of my charitable im-
pulses. We're now cutting our own
lawn.

Like I said, my heart bleeds
for employers, particularly the
kind who just have to hire people
to type letters, file correspondence
and add columns of figures.
They are really stuck, and if they
hate the people who work for them,
I really don't blame them.

Senator Martin Says It Will Cost \$40 Billion In 10 Years To Improve Nation's Highways

WASHINGTON (AP)—Sen. Martin
(R-Pa.), chairman of the Senate
Public Works Committee, esti-
mates it would cost 40 billion dol-
lars to bring the nation's highways
up to a standard that can cope
with today's traffic problems.

Martin, whose committee han-
dles federal-aid-to-highways legis-
lation, says that a federal-state-
local expenditure of 4 billion a
year for the next 10 years would
do the trick.

"He thinks the program should
be on a pay-as-you-go basis borne
by 'the traveling public.'"

In reaching his estimate, Martin
cites the following statistical pic-
ture:

The number of trucks has in-
creased nearly 90 per cent since
1945—from five million to nine mil-
lion. Right now there are 40 mil-
lion passenger cars and 200,000
buses crowding highways and
streets. The net number of motor
vehicles is increasing by 3 million
each year—that is, new cars in
excess of old ones that are
scrapped.

Money From Same Pocket

Forty billion dollars is a lot of
money, even in these multi-billion-
dollar days, and Martin feels that
some pay-as-you-go system must
be found for financing the con-
struction of the nation's highways,
roads, streets, bridges and tunnels.
"We must always remember,"
he said in a recent speech, "that
all taxes, direct and indirect,
whether local, state or federal,
come out of the same pocket—the
pocket of the consumer."

"There is no reason why the
traveling public should not pay for
the roads. As a matter of fact,
motor vehicles are already taxed
more than twice enough to do the
job so badly needed today."

He estimates that the federal,
state and local governments col-
lect annually about 7½ billion dol-
lars in automobile and truck reg-
istration fees and in taxes from
the manufacture and sale

Warriors, Bullets Face Crucial Grid Engagements This Week; 6 Other Games

A pair of crucial games for the Gettysburg High School and Gettysburg College gridders highlight a program of eight football games this week.

The undefeated Gettysburg High Warriors put their six-game streak on the line when they tangle with unbeaten, but tied, Chambersburg, in an important South Penn Conference game at Chambersburg Friday night. An over-flow crowd is certain to attend the contest, several hundred fans from here planning to accompany the Warriors.

Johnny Yovicsin's fast-stepping Bullets, 3-1 for the season, meet up with another old rival Saturday afternoon when they collide with Muhlenberg at Allentown. The Mules, after a 6-0 loss to Albright, have rebounded with successive victories over Bucknell, Lafayette and Lebanon Valley.

Opening games of the week's gridiron program will be staged Thursday evening. Gettysburg Junior High will be host to Waynesboro at 7 p.m. The Carlisle Jayvees will meet the Bigville reserves on the Cannons field at 7:30. Originally the latter game has been scheduled as an afternoon affair.

Littlesboro, after an open date last week, resumes action Friday night when it entertains Kennard-Dale in a Laurel Conference game on the Thunderbolts' gridiron. The Bulls have a 1-3 record mark while Kennard-Dale has an 0-2 record.

Freshmen In Debut
Friday will mark the opening of the season for Jim Lentz's Gettysburg College freshmen who meet the Franklin and Marshall yearlings at Lancaster.

Bigville's contest is on Saturday afternoon when Palmyra will be met on the latter's field in a Conference of the Roses affair.

The Gettysburg College soccer team will meet Washington College here Wednesday while the girls' field hockey team will be host to Lock Haven State Teachers College.

Mt. St. Mary's College will inaugurate soccer Wednesday when it meets Frostburg at Emmitsburg.

POLICE ROUT STUDENTS FROM RED EMBASSY

ROME (AP)—Club-swinging police beat back protesting Italian students in front of the Russian embassy today as demonstrations over the disputed Free Territory of Trieste broke out in various parts of Rome.

The students answered the police club attacks with sticks. Many of the demonstrators were bruised but no serious injuries were reported.

Hundreds paraded elsewhere, carrying Italian flags, angrily shouting against Yugoslav President Tito's stand on Trieste and demanding the strategic Adriatic peninsula be returned to Italy.

Report No Violence
Some of the demonstrators marched past the Yugoslav legation near the heart of the city but no violence was reported as mobile riot police guarded the building.

It was the first demonstration in Rome on the Trieste issue since the United States and Britain announced Oct. 8 they planned to pull out their 7,000 occupation troops from Zone A of the Free Territory, including the port city of Trieste, and turn the area over to Italian administration.

The demonstration in front of the Russian embassy apparently was in protest against the Soviet demand that the Security Council meet soon to appoint an international administration for the area under permanent U. N. supervision.

Complete Non-Stop X-Country Flight

NEW YORK (AP)—A Trans World Airlines Super-Constellation today completed what the company described as the first scheduled non-stop transcontinental passenger flight in history.

The plane arrived at Idlewild Airport at 6:26 a.m.—8 hours and 17 minutes after it left Los Angeles.

Last night an American Airlines DC7 landed in New York after a flight of 6 hours and 52 minutes from Los Angeles. The airline said the flight was a training operation for regular nonstop daily service to start Nov. 29.

Mid-air Crash Is Avoided By Pilot

WASHINGTON (AP)—An airliner flying from Philadelphia to Washington was forced into an abrupt dive last night to avoid a possible crash near Pennsylvania's Conowingo dam.

A spokesman for American Airlines said American's flight 211 was cruising at 5,800 feet about midnight when pilot John L. Kidd spotted a plane approaching head-on with unblinking lights.

Kidd, who was unable to identify the craft, said he dipped the nose of his DC6 in a sudden maneuver to avoid collision.

No casualties were reported.

BULLETS LOOK TO TILT WITH MULE GRIDDERS

Well pleased with Gettysburg's 22-7 victory over Lehigh last Saturday—the first Bullet win over the Engineers since 1946—Coach John Yovicsin is putting his gridders through rugged drills for an even sterner this week—the Muhlenberg Mules.

All factors point to a real knock-em-down-drag-em-out battle this week at Allentown. By rolling to 226 yards total offense against Lehigh—always one of the East's top defensive units—and holding the Engineers to 97 yards, Gettysburg proved itself one of the soundest small college clubs in the East. Muhlenberg, sparked by the running of 160-pound halfback Jackie McDonald, already has proved itself sound with wins over Bucknell, Lafayette, and Lebanon Valley. The Mules lost their season opener to Albright.

Gettysburg, after losing its opener to the University of Delaware, has come on strong to whip Western Maryland, Albright, and Lehigh, so both clubs will be going into battle with identical records on the season.

The contest shapes up as a personal running duel between McDonald and Gettysburg's Joe Ujohai.

While McDonald has spearheaded the Mule attack, Ujohai, one of the East's better small college halfbacks, has done likewise for the Bullets. In four scraps, Ujohai has rushed for 377 yards in 48 carries for a 7.9 average, has scored four touchdowns and kicked eight extra points for a team high of 32 points scored.

IOWA STUDENTS ARE REFUSED GRID HOLIDAY

AMES, Iowa (AP)—Sleepless Iowa State College students, rebuffed in their second demand for a holiday to celebrate a homecoming football victory, returned to classes again today.

For the second straight night approximately 3,000 impatient students poured out over the sprawling campus, marched to the president's house, then blocked U. S. 30—the transcontinental Lincoln Highway.

The student exuberance was touched off Sunday night by Iowa State's 13-6 grid triumph over Missouri last Saturday. About 4,000 students, demanding yesterday off, wildly demonstrated while police tossed tear gas bombs in a vain effort to disperse the throng.

The students erupted anew last night. Neither Ames nor state peace officers appeared to challenge them. When their demands for cancellation of yesterday's classes were denied they shouted for "Tuesday off."

President Speaks
Dr. James Hilton, college president, appealed to the crowd, which he estimated at 3,000 last night, to disperse in an orderly manner and go home.

Dr. Hilton said it might be possible to dismiss classes for the Parents Day football game with Nebraska Nov. 7. He urged the students to go through proper administrative channels to get their requested holiday.

When somebody shouted, "Do we get Sunday off too?" the crowd marched off to the Lincoln Highway, stoked up a bonfire as on Sunday, and piled lengths of steel water main across the road.

A few students sat astride the pipes while two boys and two girls reposed in the middle of the highway playing bridge by the light of a street lamp.

The highway was opened and closed twice during the night as the students moved off in search of other adventure and then returned.

1 KILLED BY STRIKERS
BEIRUT, Lebanon (AP)—A traveler from Dhafran, Saudi Arabian oil port on the Persian Gulf, said today that striking Arabian and Palestinian workers at the big Arabian American Oil Co. U. S. Far East Air Force headquarters in Tokyo said "we don't have anything on it right now," and also referred newsmen to South Korean defense officials.

Four members of the unbeaten Maryland football team pose during practice session at College Park, Md. Left to right are quarterback Bernie Faloney, East Carnegie, Pa.; halfbacks Chet Hanulak, Hackensack, N. J., and Dick Nolan, White Plains, N. Y., and fullback Ralph Felton, Midway, Pa. Faloney is the Atlantic Coast Conference's leading scorer with 35 points. Hanulak and Felton rank 1-2 in rushing yardage. Nolan is a pass receiver threat and runner. Maryland which meets Miami next, already is looking to the Orange Bowl where the top ACC team will meet the Big Seven champion.

TURPIN - OLSON WINNER TO FACE WELTER CHAMP

NEW YORK (AP)—The new mid-dleweight champion of the world—Randy Turpin or Bobo Olson—will have a ready challenger in Kid Gavilan, the welter champ.

The Cuban Keed, training at Summit, N. J., for a Nov. 13 defense against Johnny Bratton at Chicago, is anxious to jump into the 160-pound division against the winner of tomorrow's 15-round bout at Madison Square Garden.

"Win or lose with Bratton, we want Turpin or Olson next," said Angel Lopez, Gavilan's manager.

"Personally I like Turpin a little bit. But who knows?"

Lean Toward Olson

Who knows? That is the story of this Olson-Turpin match in which baldish Bobo from Honolulu and San Francisco is an 11 to 5 favorite.

Almost to a man, the managers and trainers who make boxing their business lean toward Olson. They respect Turpin for his first fight with Sugar Ray Robinson but they have been bewildered by his sporadic training.

Even Jack Solomons, the London promoter, admitted, "He hasn't done enough boxing to suit me." Solomons, whose biggest drawing card is Turpin, said the British Negro appeared "out of distance" (off on his timing).

Demand For Tickets

By the sea at Asbury Park, N. J., Olson quietly prepares for his most important fight. After road work and shadow boxing he weighed 161 pounds. Although he hasn't overdone his boxing, he has worked on a consistent schedule for a total of 70 rounds in 22 days.

Turpin boxed about 27 rounds in five workouts in the mountains but reportedly did his heavy drills in Britain.

The International Boxing Club said there was a lively interest in ringside seats with about \$85,000 in advance sale. Best guess on the crowd probably is 15,000 paying \$140,000. The bout will be carried on CBS network radio and television with New York and a 75-mile area blacked out of the TV picture.

Both fighters break camp today to go into hiding in New York until weigh-in time tomorrow.

ADENAUER ASKS RUSSIA TO SIGN PACT WITH E.D.C.

RONN, Germany (AP)—Chancellor Konrad Adenauer declared today Russia could show if she wants real peace by accepting a security pact with the European Defense Community (EDC) as a first step toward world disarmament.

Adenauer made the statement in his keynote speech to the Bundestag (lower house of parliament) after forming his government for the next four years.

He urged speedy ratification of the lagging plan to create a European army.

Renewing his offer to Russia, he recalled that the West German government had often expressed its willingness to join in a security system.

The 77-year-old chancellor laid down a three-point foreign policy:

1. Restoration of German independence.

2. Reunion of divided Germany.

3. Integration of Germany into the EDC and the Union of Free Europe.

Adenauer announced that French-German governmental talks will begin soon and he hoped that these talks would lead to a solution "in the spirit of European co-operation" of the troublesome French-German quarrel over control of the coal-rich Saar.

NEW YORK (AP)—The stock market was higher today despite some soft spots in the list. Both the gains and losses were fractional with gains predominating.

NBC TO HAVE 4 GAMES ON TV NEXT SATURDAY

NEW YORK (AP)—The National Collegiate Athletic Assn. serves up its four-for-one package in football television Saturday.

It's the so-called panoramic experiment, tried for the first time this year, in which parts of four games in widely separated parts of the country will be shown instead of one complete contest.

Four Big Games

Here's the program, to be beamed over the NBC network starting at 1:45 p.m. EST:

2 p.m.—Princeton vs. Cornell at Princeton, N.J.

2:30 p.m.—Illinois vs. Syracuse at Champaign, Ill.

2:30 p.m.—Iowa vs. Indiana at Iowa City.

3 p.m.—Arkansas vs. Mississippi at Memphis.

Another On Nov. 7

Tom Gallery, NBC sports director, said today the panorama won't present a quarter from each game but will switch back and forth among the sites to record action where it is thickest.

An effort will be made to have an equal portion of each game on the television screen, he added, but the primary objective will be to keep the liveliest action in front of the camera at all times.

This is one of two panoramic programs scheduled for the year. The other is Nov. 7 when games will be Georgia at Florida, North Carolina at South Carolina, North Carolina at Wisconsin and Kansas State at Kansas.

Wrestling Card At Palestra Wednesday

HARRISBURG — Promoter Bert Bertolini will inaugurate the 1953-54 indoor wrestling season at the Madrid Palestra Wednesday night and he has lined up a stellar card for his initial offering.

As an added attraction, Joe Walcott, who won the heavyweight boxing crown from Ezzard Charles in Pittsburgh on July 18, 1951, only to lose the title to Rocky Marciano a year later, will be the guest referee for the main event.

The one-fall-to-a-finish windup will feature the first Harrisburg showing of two of the country's outstanding Negro matmen—Jim Clayburne, of Boston, Mass., and Buddy Jackson, of Columbus, O.

Action in the best-of-three-falls semi-feature will be provided by two midgets—Tiger Jackson, of Salt Lake City, Utah, and Mighty Schultz, of Germany.

In supporting half-hour time limit tuffests, Ray Thunder will meet Clyde Steves and Pedro Escobar will take on Ted Marsh.

FIGHTING IRISH LEAD LIST FOR FOURTH WEEK; THREAT AHEAD

NEW YORK (AP)—Notre Dame is leading the national football ranking list for the fourth straight week, but next Saturday the Fighting Irish faces a double threat to their hold on first place.

After last week's 23-14 victory over Pittsburgh, Notre Dame polled 57 first-place votes out of 134 cast in the fourth weekly Associated Press ranking poll. The Irish haven't been displaced since the nation's sports writers and broadcasters picked them in the preseason poll as the team most likely to succeed.

But their two closest rivals in the weekly balloting, Michigan State and Maryland, were closer than ever before when the points were totaled up on the usual basis of 10 points for a first-place vote, nine for second, etc.

Notre Dame wound up with 1,153 points and a margin of only 46 points over runner-up Michigan State. A week ago, Notre Dame had 74 first-place votes and 1,226 points to 14 and 977 for Michigan State.

Not only is the balloting closer, but on Saturday Notre Dame must meet fourth-ranked Georgia Tech in a game that could completely upset the standings. Tech, a team that didn't show much offense in its early games, got started against Tulane a week ago and rolled over threatening Auburn by a 36-6 count last Saturday to climb from sixth place to fourth in the rankings.

Michigan State, an easy winner over Indiana, collected 31 votes for first place and 1,107 points this week while Maryland, breezing past North Carolina as easily as its earlier opponents, polled 27 firsts and 1,004 points. Georgia Tech, with only three firsts, received 769 points.

Rounding out the first 10 are Michigan, Baylor, Illinois, West Virginia, Oklahoma and Navy.

POLICE DIGGING INTO STORY ON DISCREPANCIES

ST. LOUIS (AP)—Police investigators, veiling their inquiries behind closed doors, today continued digging into reports the FBI has discovered discrepancies in police accounts of the Greenleaf kidnapping case.

One of the officers who arrested Carl Austin Hall, the confessed kidnaper of 6-year-old Bobby Greenleaf, was questioned periodically for 10 hours as the inquiry got under way yesterday.

The investigation by Chief of Police Jeremiah O'Connell centers around the handling of two suitcases in which about half of the \$600,000 ransom money was recovered. Some \$300,000 is still missing.

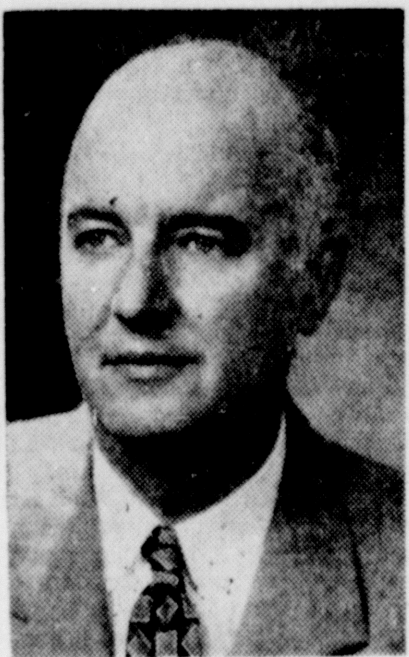

Lt. Shoulders Nervous
Patrolman Elmer Dolan, who O'Connell said is not under suspension nor held on any charge, was the first witness called in the

Aged President Of Union Passes Away

INDIANAPOLIS, (AP)—William L. Hutcheson, 79, general president of the AFL carpenters union for 36 years and a towering figure in the American labor movement, died in Methodist hospital here today of a heart ailment.

The veteran labor leader was brought to the hospital Oct. 12 for a stomach examination and suffered a heart attack Oct. 15 before the stomach tests were completed. He had been in critical condition since.

Hutcheson, one of the few Republicans among top union officials, stepped down from the active presidency of the 822,000-member union Jan. 1, 1952, and was succeeded by his son, Maurice A. Hutcheson. The elder Hutcheson was named general president emeritus.

closed-door probe.

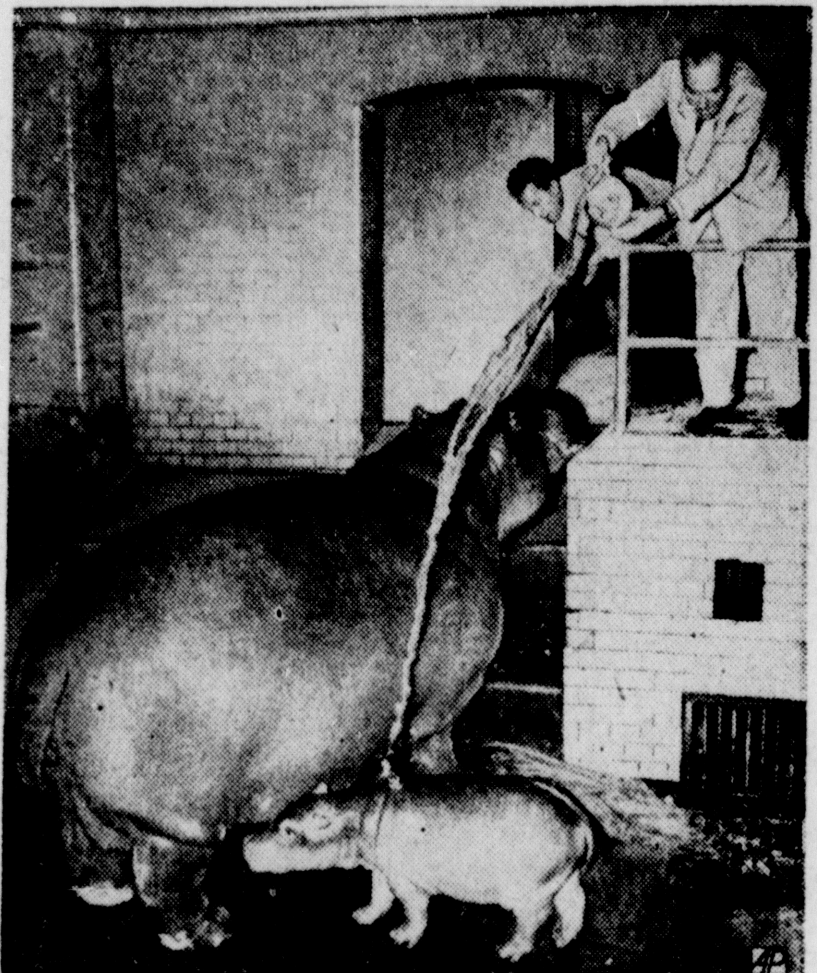

Lt. Louis D. Shoulders, Dolan's superior officer in the arrest, was under a physician's care for a nervous condition and was reported unable to appear for questioning at this time.

But Chief O'Connell said Shoulders will be questioned "as soon as his doctor says it will be all right to do so."

Told "Not To Talk"
Dolan, one of three witnesses questioned yesterday, was asked by reporters about his session with his superiors but he said he had been instructed "not to talk."

Shoulders, whose ailment was attributed by the physician to the officer's work on the case, withheld from newsmen a full explanation of the reported discrepancies, but said:

"I can explain to the proper authorities every move I made."

HUNT SPIES AT FT. MONMOUTH

WASHINGTON, (AP)—Sen. McCarthy (R-Wis.) goes today to the Ft. Monmouth, N. J., Army Signal Corps radar laboratories to check on security and look for leads in his investigation of alleged espionage.

Accompanying him on the trip is Secretary of the Army Robert T. Stevens. Their arrival time was uncertain.

McCarthy contends his Senate Investigations subcommittee has unearthed evidence that a spy ring formerly headed by the executed atomic spy, Julius Rosenberg, stole secret documents from the installation.

McCarthy said he also plans a trip to the Federal Penitentiary at Lewisburg, Pa., to question David Greenglass, convicted atom spy, concerning the alleged spy ring. McCarthy said the trip probably will not be made until some time after a closed hearing Thursday, but that no definite date for it has been set.

He said he plans to go to Appleton, Wis., his home town, sometime this weekend.

TRAIN KILLS YOUNG COUSINS

MORRISVILLE, Pa. (AP)—Two boy cousins were killed by a New York-to-Philadelphia train yesterday as they played on the Pennsylvania Railroad tracks near the Morrisville station.

The victims were David Lee, 7, and Richard Poland, 5, Richard's eldest brother, George, 7, escaped injury by throwing himself off the tracks when he saw the speeding train. His scream of warning was not heard by the other two boys.

The three were on holiday from school because of a Bucks County teachers conference in Doylestown. They were walking along the tracks, George Poland said, looking for discarded train ticket stubs and didn't see the train as it swept around a curve.

George said he shouted to his brother and cousin as the train bore down on them, but the two apparently were so intent in their search as they walked on the tracks that they didn't hear him.

Richard's father, Donald J. Poland, is a Pennsylvania railroad fireman.

WANT SALES TAX MONEY KEPT IN SEPARATE FUND

HARRISBURG (AP)—A group of state officials will sit down in a few weeks to decide how revenue from the state's one per cent sales tax may be kept separate from other tax receipts.

The 1953 Legislature earmarked the sales tax for education but that provision in the new law has been attacked on grounds that sales tax revenue cannot be kept separate from other funds.

However, Dr. Edward B. Bogan, state budget secretary, said yesterday that sales tax revenue "definitely" will be kept apart from other money in the general fund.

"I will meet with the state treasurer (Weldon B. Heyburn) in the near future to decide on an accounting system to keep the money apart and used for education alone," Dr. Logan told a reporter.

Ready November 1
He said the accounting system would be worked out before Nov. 17. That's the date when retailers must submit their first returns under the new levy, which went into effect on Sept. 1.

Maurice Splain, Democratic state chairman, has charged it is "no more possible to segregate sales tax money from the rest of the general fund than it is to unscramble an omelet."

The AFL-Pennsylvania Federation of Teachers contended at its convention last week that an amendment to the state constitution would be necessary to earmark tax funds for a specific purpose.

But Dr. Logan took issue with that contention. He said that prior to passage of a constitutional amendment in 1945 limiting the state motor fund to highway work, that fund already had been kept separate from other tax revenue.

That amendment, he said, guaranteed that the Legislature would not allocate motor funds for other state purposes. Before it was adopted, he said, the state had borrowed from the motor fund to make up shortages in other fields.

Such borrowing, Dr. Logan said, still is possible on a short time basis, but the money must be returned to the motor fund in the same biennium, or two year period in which it was borrowed.

DRAFT DODGER IS JAILED AGAIN

PHILADELPHIA (AP)—Two Quaker youths have been sentenced to one day in jail on their second charge of draft evasion.

Twins David and Paul Seaver, 22, of suburban Prospectville, Pa., were sentenced yesterday by Judge George A. Welsh in Federal Court. Judge Welsh agreed with defense attorney Harry R. Sprogel that the charge involved a "conflict between civic and religious duties."

"The boys stand for a principle as does our government," he said, "and the principles on both sides have been vindicated."

Clearer Agreement On Terms In 1952 Might Have Cut Down On Wrangling Now With Reds

By JAMES MARLOW
WASHINGTON (P)—The United States and the United Nations had made the Chinese say precisely what they meant in 1952, there might be no wrangling now over starting the Korean peace conference.

That's a big "if," of course. And the Chinese, if it suited their purpose, still could have wrecked the conference one way or another, before or after it started, no matter what they said in 1952.

The conference was to have opened by Oct. 28, three months after the truce began July 28. The three months have been spent trying to agree on who should take part in the conference.

To Talk Some More
On Monday an American representative will sit down with the Chinese at Panmunjom to talk about it some more.

The United Nations and the Communists began truce talks in the summer of 1951. Before the shooting could stop, both sides wanted a number of armistice points agreed to.

For instance: agreement on a demilitarized zone between the two armies when the truce began.

It took the U. N. and the Communists only a few months to agree on all points except one.

Paragraph 60
That one, the major obstacle, was repatriation of prisoners. The Reds wanted all prisoners returned, forcibly if necessary. The United Nations insisted that no prisoner should be returned against his will. The U. N. won its point.

By February 1952, the U. N. and

the Communists had agreed on 60 paragraphs in the truce agreement. It took them from then until the summer of 1953 to agree on voluntary repatriation of prisoners.

But it's paragraph No. 60 in the truce terms—agreed to Feb. 19, 1952, or 17 months before the agreement on prisoners—which is causing all the trouble about a peace conference now. It said:

"Both Sides"

"In order to insure a peaceful settlement of the Korean question, the military commanders of both sides hereby recommend to the governments of the countries concerned that within three months after an armistice is signed and becomes effective, a political conference at a higher level of both sides be held by representatives appointed respectively to settle through negotiations the question of the withdrawal of all foreign forces from Korea, a peaceful settlement of the Korean question, etc."

But what does "both sides" mean? The United States insists it means only the nations which took part in the fighting: Red China and North Korea on one side; the United States, 16 other United Nations countries, and South Korea on the other. The United States says "both sides" does not include neutrals.

Therefore, the United States says only those 20 nations which did the fighting can sit in on the conference.

Two Views On Matter

No neutrals? This country says none except Russia. (Russia was neutral only in the sense that she

Admiral Ballantine Sees Leyte Wreckage

BOSTON (P)—A high-ranking Navy official today discounted the theory of "personnel failure" and brushed aside any suggestion of sabotage in the explosive fire which rattled the aircraft carrier Leyte and killed 36 men aboard.

Vice Adm. John J. Ballantine, commander of the Atlantic Fleet air arm, came to Boston yesterday from his headquarters at Norfolk, Va., to survey the wrecked below decks section of the 856-foot carrier.

did not openly get into the fighting. She supplied the Chinese and North Koreans.)

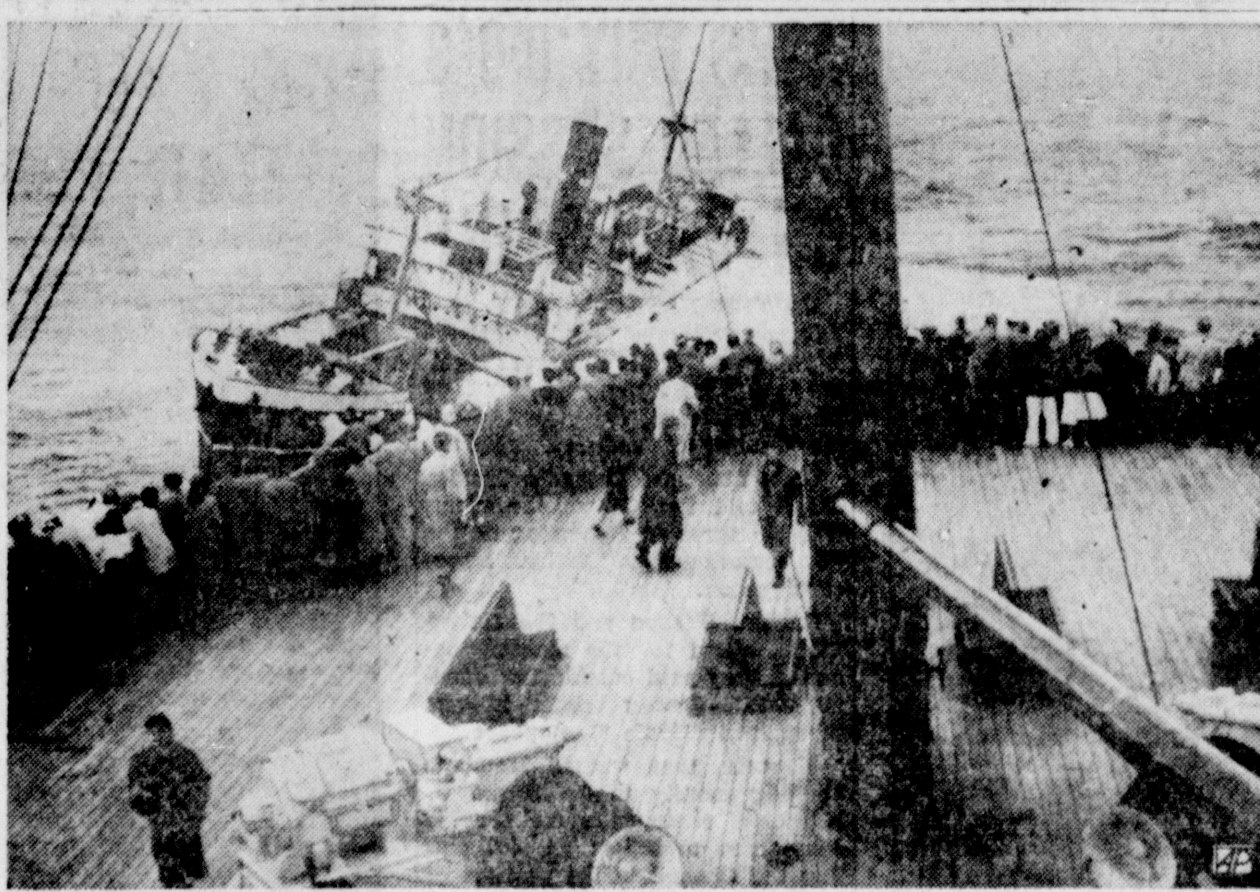

But the Chinese insist that "both sides" means that not only the belligerents but also neutral nations—they want Russia, India, Indonesia, Burma and Pakistan—can take part in the conference.

The Chinese now would find it difficult to mess up the conference, at least on this point, if the United Nations had insisted back in February 1952 on pinning the Chinese down precisely on what "both sides" meant.

Could Argue Long Time

The State Department says the minutes of the truce talks prove this: that the Chinese have reversed themselves; that in 1952 they said they wanted no neutrals to take part in the conference; and that paragraph No. 60 was worded the way it is because the Chinese wanted it that way to keep out the neutrals.

Yesterday Red China's premier and foreign minister, Chou En-lai, denied China ever held neutrals should be excluded. But paragraph No. 60 is so vague in other ways the Chinese could still twist it to wreck the conference. For example: What does the "etc." which ends paragraph No. 60 mean? The two sides could argue forever on that.

VICTORY RIOT ENDS ON MONDAY

AMES, Iowa (P)—A football victory riot of approximately 4,000 Iowa State College students were itself out early Monday after 80 police officers tried in vain with tear gas to put down the demonstration. Traffic on the transcontinental Lincoln Highway (U. S. 30) had to be detoured for more than an hour after the students threw a

road block of drainage tile across it.

The students, celebrating a 13-6 homecoming football victory over Missouri Saturday, began demonstrating after their demands for a Monday holiday from classes were not met.

2 Days "Enough"

Police Chief Orville Erickson said he used up all his tear gas in an unsuccessful effort to break up the demonstration. When tear gas shells were tossed the students dispersed until the fumes drifted away. Erickson summoned help from

nearby counties and from the state patrol.

President James Hilton, out of town and reached by telephone, said students had Friday and Saturday off and he thought that should be enough.

INAUGURATED PRESIDENT

Okay Withdrawal Of Gas Rate Jump

HARRISBURG (P)—The Public Utility Commission has authorized the Waynesboro Gas Co., Waynesboro, to withdraw a proposed \$5,400 annual natural gas rate increase.

The increase was suspended by the PUC to next March 14 for an investigation to determine its justification. The increase would raise rates to 1,325 consumers in Franklin County.

The utility told the commission it was asking for permission to drop the rate boost because it was "presently unable to supply all the data necessary to sustain it."

Principal reason for the increase, according to the company, is a \$6,390 boost in the cost of gas purchased.

ISRAEL GIVEN NOTICE BY U. S.

WASHINGTON (P)—The United States has notified Israel it will withhold financial aid until the Israeli government stops trying to divert waters of the Jordan River along the Syrian border.

Informed officials who reported this Monday said the State Department regards Israel's Jordan River project as a violation of United Nations armistice in the Israeli-Arab war.

The notice of intent to suspend American grant aid was given about two weeks ago. The Israeli government apparently is ignoring American protests. Latest reports indicate the work force on the project has been almost doubled and floodlights have been brought up for night work.

The United States gave Israel

UNITED STATES GIVES 7 BILLION IN FOREIGN AID

WASHINGTON (P)—U. S. foreign aid, boosted sharply by stepped up military assistance, climbed to a record \$7,030,000,000 in the fiscal year which ended last June 30.

This was nearly 40 per cent bigger than the year before, when the total was \$5,098,000,000. The Commerce Department, in reporting the figures yesterday, said 10 per cent of the fiscal 1953 total was in loans, the rest in grants.

The bulk of the grants, some 63 per cent, was for military aid to the free world, reflecting the defensive buildup against the Communist menace. The other 37 per cent was in economic assistance.

About 10 per cent of the total was returned to the United States in the form of grants or loan repayments. Japan, for instance, sent the United States 15 million dollars more than she received.

Western European countries received 74 per cent of the 1953 fiscal total, with France and Great Britain getting more than half of this 74 per cent. Greece, Italy, Yugoslavia and Korea also received outstanding aid totals.

about 65 million dollars in economic aid last year.

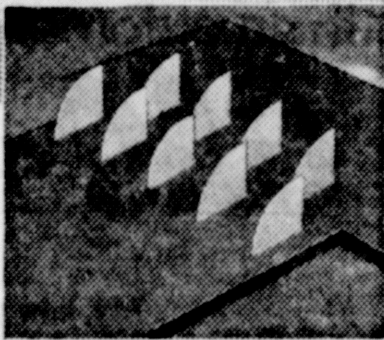

The specific amount Israel was to get from this year's fund has not been determined. Congress provided a total of 225 million dollars for the Middle East region in this year's foreign aid bill.

NEW FIRESTONE SAFETY TIRE PROTECTS AGAINST BLOWOUTS AT ANY SPEED!

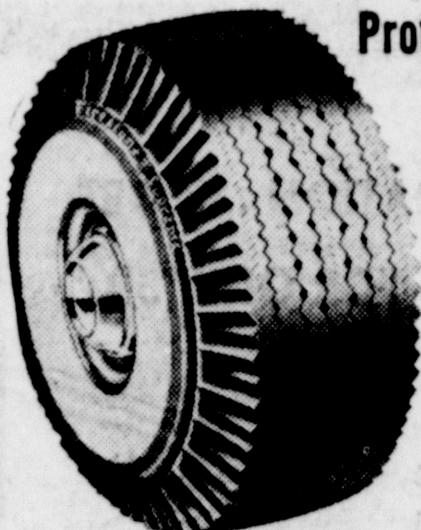

Photo above shows car racing across a bed of 4" razor sharp steel blades (inset at right). In test after test, at speeds up to 80 MPH, both front and rear tires have been slashed to shreds, yet driver brings car to a safe, straight-line stop despite double blowout.

Here's Why it Protects You

When an ordinary tire blows out it goes flat in one-tenth of a second . . . so fast that you hardly have time to prevent an accident. With the Firestone Supreme, blowout accidents can't happen because inside the tire is a safety diaphragm, which holds a reserve supply of air to give you complete control of your car after the blowout occurs.

Revolutionary New Firestone Supreme Tire Protects Against Punctures, Skids, Too . .

Nails or glass can't cause flats because inside this tire is a puncture-sealing material which adheres to penetrating objects and prevents air loss.

Maximum protection against skids because more square inches of tread grip the road . . . Traction Boosters and Skid-Resistors step up gripping power per square inch.

FINE SAYS GOP GUBERNATORIAL RACE WIDE OPEN

HARRISBURG (AP)—Gov. John S. Fine said Monday the Republican race for governor in 1954 is "wide open."

At the same time the governor pledged his support to the Republican nominee no matter who he may be.

"I am hopeful there will not be a bitter fight in the primary," Fine told newsmen at a press conference.

The governor said he would make no predictions on next year's candidates nor on the outcome of the 1953 local elections across the state.

"We should put as much effort behind our ticket as we possibly can, both for the judges' posts and the local candidates," the governor said.

Pennsylvania's 4½ million voters in two weeks will elect two judges of the State Superior Court. They also will decide whether they want a new state constitution.

Many Local Elections

In addition, thousands of local officials will be elected including mayors of Pittsburgh, Scranton and a score of third class cities.

The campaign proceeded at a leisurely pace until last week when G. Mason Owlett, Republican national committeeman, and U. S. Sen. James H. Duff renewed a political feud that resulted in a no-holds-barred GOP primary battle in 1950.

Gov. John S. Fine kept silent during the Owlett-Duff exchanges. He may have something to say about it at a news conference called for today, his first since last January.

Owlett, after President Eisenhower's birthday party last week at Hershey, said that Duff couldn't win if he ran for a second term as governor in next year's Republican primary, claiming Duff was without an organization. Duff, without saying whether or not he is planning to run, said Owlett put out "a disunity statement" and called him "a flatfoot, politically."

Taylor Urges Peace

Sen. M. Harvey Taylor, Republican state chairman, sought to calm the political storm by urging all party leaders to concentrate on winning the Nov. 3 general election instead of bringing up personal

ASKS WHY BIG 3 CALLED SESSION ON PALESTINE

UNITED NATIONS, N. Y. (AP)—Lebanon demanded Monday that the Big Three Western powers spell out in precise terms just why they have summoned an urgent Security Council meeting on Palestine.

Chief Lebanese Delegate Charles Malik told the Council he didn't want to agree to a meeting on the "Palestine question" without a specific reason.

Britain, France and the United States asked for the meeting because, they said outside the Council, Israeli-Jordan border killings threatened Middle East peace.

However, they wanted Monday's meeting merely to invite the U. N.'s chief observer in the area to come here to report without putting the Council in the position of appearing to condemn one side or the other in advance.

Rap Israeli Attack

The three nations called for the U. N. action after sharply denouncing an Israeli attack last Wednesday on the Jordan border village of Kibya. The Jordan government charged the entire village was wiped out, with 66 Arabs killed and 9 wounded.

In defense of her position in the dispute, Israel prepared her own appeal for U. N. action. She seeks an inquiry into all border incidents and violations of the 1949 Israel-Arab armistice agreements.

Monday's council session was called primarily to place the Arab-Jewish dispute on the body's agenda and to invite Gen. Vagn Ben-Nike, Danish head of the U. N. truce observation team in the Middle East trouble spot, to make a personal report. This had been suggested by the Big Three.

Reynolds.

"It looks very much like those will be my choices," Fine said.

The Welfare Department secretaryship has been vacant since June when Fine dismissed William C. Brown of Chester County in a dispute over administration policy on admission of patients to state mental hospitals.

Reynolds was appointed secretary of property and supplies when Fine took over as governor in 1951. He is a Pittsburgh banking executive.

A. D. REYNOLDS TO GET NEW JOB

HARRISBURG (AP)—Gov. John S. Fine told reporters Monday he probably will shift Alan D. Reynolds of Pittsburgh from his present post of a secretary of property and supplies to the vacant job of secretary of welfare by Nov. 1.

The governor told his news conference the plan calls for the appointment of Frank C. Hilton of Berks County, former national commander of the Veterans of Foreign Wars, as secretary of property and supplies, replacing

speech at Scranton "increasing enthusiasm" has been found among Republican voters in the Superior Court contest.

Captain Tells Of Cause Of Blast

BOSTON (AP)—Capt. Thomas A. Ahroon, USN, of the aircraft carrier Letye said Monday the atomizing of hydraulic fluid may have caused an explosion and fire which killed 36 men on his ship Friday. Thirty other injured are under hospital care.

A voluntary witness before a Navy court of inquiry, Capt. Ahroon told the board he had "a very strong opinion" on the cause.

"Everything leads to the port catapult," he said. "The question in my mind is only where the vapor came from. There are plenty of sources for a spark to ignite."

By "vapor" the carrier's commanding officer explained he guessed some of the hydraulic fluid, which has a high flash point and normally is not considered combustible, may have been "atomized" by escape through a pin hole while under heavy pressure and that a spark may have touched it off.

MISSION, Tex. (AP)—President Eisenhower has called the nation's mayors to a White House conference on civil defense Dec. 14 and 15. It was announced that the purpose of the meeting is to give mayors or managers of the nation's larger cities all information that can be made available to them on the national defense situation.

Says AEC Tops Other Nations

ALLENTOWN, Pa. (AP)—Rep. James E. Van Zandt (R-Pa.) says the United States Atomic Energy Commission "is so far ahead of any other nation that should there be a showdown we can lick them on any battlefield."

The Altoona Republican said in a weekend speech "we must let Russia know our strength and if there must be a test let them know now."

Van Zandt addressed a meeting of Eastern States leaders of the

Veterans of Foreign Wars. In its business session at the one-day meeting, the group proposed a resolution that federal agencies be prohibited from bypassing Congress and instituting measures in direct opposition to congressional mandate. The resolution is to be introduced to the next national encampment, meeting in Philadelphia next year.

Eight states—California, Colorado, Massachusetts, Nevada, New Mexico, Oregon, Wyoming and Utah—have passed laws regulating the activities of "cloud dusters," who try to increase the rainfall.

Survivor Of Plane
Crash Flies Again
NEW YORK (AP) — Emilen P. Wayne, a survivor of yesterday's plane crash at Idlewild Airport which killed two persons and injured a dozen, left for Puerto Rico early today on Eastern Air Lines Flight 627—the same flight number of the ill-fated plane.

Public Meeting

(Continued from Page 1)
Times have changed. If we do not make up our minds to act now, soon it is going to be too late.

Cites Virginia Effort
As chairman of the Advertising and Publicity Committee, Bender recounted the work of a tourist-conscious organization known as the Virginia Travel Council which in one year was responsible for Virginia doing a tourist trade valued at 750 million dollars.

"In Gettysburg," he said, "we do not go after the tourist trade like we should. Our proceeds from tourist travel last year was even smaller than the year before! Yet, we are better situated than similar attractions because we are more consolidated. We have never actually told anybody what we have throughout Adams County—there is more than merely the battlefield and cemetery. We must exploit what we have."

A topic impending significance was injected into the informal discussion by Dr. J. Walter Coleman, superintendent of the Battlefield, who reminded the group of the approaching 100th anniversary of the beginning of the Civil War to be celebrated in 1961.

According to plans now being formulated by the Virginia Travel Council, 1961 will see a resumption of the "war between the states." The Council hopes to organize a sequence by sequence reenactment of each engagement on the exact date it occurred extending throughout the entire year. The battles will be refought on the same grounds as in yesteryear.

"The time is fast approaching for us to begin planning," Dr. Coleman exhorted. "In 1961 Antietam, Chambersburg, and Gettysburg will all be in the public eye."

Leroy Smith, local news agency representative, said: "Our reputation has carried us through so far. Now other states are beginning a vast publicity program which we are just beginning to realize is shrinking our tourist trade to a considerable degree."

Others Speak
Joseph Rosensteel, Gettysburg National Museum, declared: "We in Gettysburg must sell our own city. We must say that in Gettysburg was made the greatest speech, following the greatest battle, laid in the greatest community in the world. As a result, local citizen enthusiasm will sell Gettysburg to the traveler. The people of the community must be encouraged to study the history of the place in which they live."

Others who spoke in favor of and extensive advertising and publicity campaign were John D. Lippy, Jr., Mares Sherman, Glen Little and Arthur Olean, of Harrisburg.

LIST WINNERS
(Continued from Page 1)
and Fred Starnier, second.

East Berlin, junior high school, Fred Shafer, first; Shirley Myers and Janette McCourey, tied for second.

St. Francis Xavier Parochial School, Gettysburg, first place winners, fourth and fifth grades, tie between Margaret Goldsborough and Harold Miller; sixth grade, Robert Sanders; seventh grade, Richard Simpson; eighth grade, Robert Plank.

Gettysburg High School, Eleanor Paddock, first; Fred R. Hoffman, second place; Gettysburg Junior High School, Edward Nowicki, first place.

To Give Home Room Awards
Littlestown, high school, Barton Yohn, first place; Martin Zulich, second place; Littlestown Junior High School, John Ammenheuser, first place; Frances Rucker and Larry Hawk, tie for second place.

York Springs, fifth grade, Tommy Roth, first; Kenneth Miller and Skip Martin, second place tie; sixth grade, Gary Books, Richard Pechart, Fred Ensor, all tied for first place; Danny LaRue, Kenneth Rank and Alice Anderson, second place tie; seventh grade, Carole Chrisner, first place; Carl Hikes, second place.

In addition, Mrs. Langsam announced, the committee is sending home room awards to the schools to be presented by the teachers to the children who drew the outstanding poster in each home room.

APPROVE BOND ISSUE
HARRISBURG (AP)—The State Internal Affairs Department yesterday approved municipal bond issues in these counties:

Chester County-Kennett Square borough school district, \$50,000 at 2 1/2 per cent interest, for construction of additions to the Kennett consolidated school.

Delaware County-Upper Darby Township, \$400,000 at 2 1/2 per cent for street and sewer construction.

tion, left the airport 24 hours after the first plane crashed in flames in a dense fog.

Wayne, one of 25 survivors of the Eastern Air Lines crash, escaped injury. He said on leaving today that he was not particularly nervous, but "I will admit I will be very glad when the plane lands in Puerto Rico."

He had been on vacation in this vicinity for about six weeks, visiting friends and a sister, Mrs. Harrison S. Judy, of 170 Academy Lane, Highland Park, Upper Darby, Pa.

State Rushes Assistance To Drought-Parched Community

HARRISBURG (AP)—State agencies went to the aid of one drought-parched community in Pennsylvania today as others across the state watched their water supply apprehensively with no relief in sight.

State officials hurried help to Hyndman after Gov. John S. Fine declared a state of emergency in that Bedford County town of 1,300 population.

The governor acted after the Borough Council sent him a telegram that the community's water supply was "practically exhausted."

At the same time the U. S. Weather Bureau said that many other communities throughout the state are operating on lower than normal water supplies due to lack of rain.

No Rain In Sight
The bureau, too, held out little hope for a quick end of the drought, which has dried up or lowered streams in the state and parched farm lands. The bureau said that no appreciable rain is in sight for Pennsylvania.

Technicians of the Civil Defense Council and of the Water Supply Division of the State Health Department went to Hyndman within two hours after the appeal for help was received at the governor's office.

The council sent five tractor trailer trucks, with emergency pumps and piping, to the Bedford community. The Health Department experts went there to test the emergency water supply before it is piped into Hyndman.

Have Emergency Supply
N. L. Wymard, deputy director of civil defense, said that Hyndman's water supply will be adequate only for a short time. An emergency supply will be drawn from a private pond. That will require laying of 3,100 feet of pipe. A bulldozer must smooth a surface to lay the pipe.

State police, National Guardsmen and the Pennsylvania Turfpike Commission were alerted to expedite transportation of relief supplies across the state.

Streams were low in the Harrisburg area, due to the drought, but there appeared no danger for the time being of low water supplies.

A water supply situation in nearby Duncannon has been worked out after periodical shortages appeared in recent years.

New Bloomfield and Newport, Perry County, both report sufficient supply on hand. Carlisle also has plenty of water.

Use Artesian Wells
However, the community of Parkland in lower Bucks County, was reported to be virtually without water except for artesian wells. Other type wells and artificial farm lakes used for irrigation are nearly dried out in many areas of Bucks, Montgomery, Chester and Delaware counties.

Small crops have been hard hit in the southeastern counties, according to Albert Cecchia, manager of the Philadelphia Vegetable Growers Cooperative Assn.

Cecchia said he has been growing vegetables in Bucks County since 1929, and "I don't recall such dry weather as we have been having this year."

Soldier Killed In Aberdeen Accident
ABERDEEN, Md. (AP)—One man was killed and another injured when a 120mm. cartridge blew up as they were removing powder from it yesterday at the Aberdeen Proving Ground.

An Army spokesman said Harry M. Jorgenson, 29, of Bel Air was killed and Noble H. Carter, 44, of Elkton, seriously hurt, as they worked in an ammunition explosive assembly and disassembly room.

SAYS U. S. CAN'T CONTINUE ITS HELP ABROAD INDEFINITELY

WASHINGTON (AP)—Sen. Stennis (D-Miss.), declaring America cannot continue indefinitely its manpower and financial commitments abroad, today urged a showdown with France on creation of a European army.

Stennis, a member of the Senate Armed Services Committee, spoke out in an interview after Secretary of Defense Wilson had told a news conference yesterday he believed in the long run development of new weapons would permit a cut in United States troop strength in Europe. Wilson didn't define "long run".

Wilson said cryptically that "whether we take our load in air power or in ground troops is a thing that has to be worked out." This may have been a hint of a future decision by the United States to pull back some of its infantry strength in Europe, now the equivalent of six Army divisions.

Agree On View
Stennis, a member of a subcommittee which reported last week after a tour of bases that

this country has increased aerial striking power in Europe and Africa, said he thinks German soldiers must be brought into the Western ranks.

Wilson would not tell newsmen whether there is any plan to reduce the U. S. ground forces in Europe, but he said, "It would be a great mistake if the people of our country got into a rut on decisions that have been made in the past."

Stennis said the armed services subcommittee was impressed with the "tremendous striking power" of the U. S. Air Force in the area and believes the policy should be to erect continental defenses.

He said Senators Case (R-SD) and Duff (R-Pa.), other members of the group, agreed with this view.

John Took Car Keys Along Into Service

DANVERS, Mass. (AP)—Mrs. John Surrette of Middleton apologized to Danvers police for parking her car overnight.

She said her son John was inducted into the Army yesterday and the family drove here to see him off.

After lengthy goodbyes, the family trooped back to the car. They found that John had gone off with the keys.

Failure to see properly is the most serious handicap among children who are slow in learning to read.
